

## AUCTION SALE OPENS TOMORROW

PRINCE RUPERT LOTS  
TO BE SOLD HERE

Large Attendance is Expected  
in Connection With the  
Event.

To-morrow morning at 10 o'clock the second auction sale of Prince Rupert lots will open. It will be held in the A. O. U. W. hall. On this occasion 500 lots will be put on sale. These will include some of the choicest lots in the whole townsite and an opportunity will be afforded the public to secure locations in what is looked upon as the coming city of the north Pacific coast.

On the conclusion of the present sale the G. T. P. intend to dispose of a number of the remaining lots in the townsite by private treaty. The prices obtained at the sale at Vancouver will govern the values put upon adjoining lots. At the Vancouver sale lots were selected from all over the present surveyed townsite so that values will be easily arrived at as a result on the remaining lots.

As an evidence that the interest in the Prince Rupert townsite is not confined to the coast cities is the fact mentioned several days ago in these columns that C. U. Ryley, land commissioner of the company, had an offer from a large syndicate to take 1,000 lots scattered throughout the townsite at prices similar to those obtained at the auction.

To-day it is expected that a large number will arrive in the city to be present at the sale. There is likely to be many of the heavy buyers that were present in Vancouver, and added to these will be local seekers after lots. C. D. Rand, who has charge of the sale for the G. T. P., and the government, will be present to take general supervision, while L. Eaton and P. J. Rittancourt, local auctioneers, will have charge. C. U. Ryley, land commissioner of the G. T. P., David Hays, representing the G. T. P. Land Company; G. A. MacNicholl, purchasing agent of the company will all be present. F. H. Bacon, harbor engineer of the company, is at present here on business connected with the railway, while Fred Ritchie, the engineer representing the government in the work being carried out at Prince Rupert, is also in the city on business.

There is little doubt that the sale here will attract quite as much interest as was the case at Vancouver. The sale opens at 10 in the forenoon. There will be three sittings throughout the two days' sale, at 10 a. m., 2 p. m., and 8 p. m.

## NEW TURN IN THEATRE AFFAIR

JOSEPH BOSCOWITZ  
SEEKS POSSESSION

Contents That E. R. Ricketts  
Has No Right to  
Sub-lease.

A new scene has been added to comedy now on at the Victoria theatre. Joseph Boscowitz and E. R. Ricketts are now to be the leading characters. White Sheriff Richards is in possession of the box office pending the settlement of differences between Edmund Gardner and his partners, J. Boscowitz, the owner of the theatre, has taken a part in the proceedings. His contention is that according to the agreement between himself and Mr. Ricketts the latter as the lessee is not at liberty to sub-let the house. In letting it to the Gardner Company, therefore, he contends that the agreement has been broken and accordingly he has served notice upon Mr. Ricketts to that effect. Mr. Boscowitz does not say what use he intends to put the theatre to if Mr. Ricketts gives up possession, but he says he has use for it.

ORDERS PLAY WITHDRAWN.

Owner of New Theatre Will Not  
Tolerate "The Narrow Path."

New York, June 2.—After one performance of John Montague's new play, "The Narrow Path," at the Hackett theatre, T. B. Harris, owner of the house, ordered the production taken from the boards. Wm. F. Munster, manager of the theatre, refunded money received on admittance tickets and announced that the scheduled run would be closed. James J. Hackett is the lessee of the house. Harris said to-day: "My wife occupied her box at the theatre at the opening performance of the play, and when she reached home told me it was so indecent she was compelled to hide her head for shame. I won't have that sort of play produced on my property, and I wrote Mr. Munster at once." "The Narrow Path" is said by critics to be the vilest and most flagrant example of dramatic indecency that has yet been perpetrated upon the theatre-going public in this city.

## UNABLE TO MEET DEMAND FOR COAL

CROW'S NEST OUTPUT  
PROVES INSUFFICIENT

Hill Says Line Will Not Be Built  
to Coal Fields at  
Present.

(Times Leased Wire.)  
Seattle, Wash., June 2.—"The steamer Minnesota is going to make its home port in Seattle. How could it run up False Creek, Vancouver? And even if it did, how could it get out of there?" said James J. Hill to-day. "There are advantages under the British flag which American ships do not enjoy, yet I will say that the terminal of the Great Northern steamers will not be at Vancouver."

"We are making big improvements at Vancouver, but what advantages those terminals give us remain for the future to determine, not for to-day. It is traffic that places a value on such properties, not a mere announcement. We are seriously handicapped on account of the competition resulting from labor with which we cannot compete, yet I will say that Seattle will be the home port of the Minnesota. Of course we would like to see heavier trans-Pacific shipments than we enjoy at present, for our heaviest shipments are cotton which does not offer a continuous haul, rather coming in brief seasons, which requires special not regular traffic."

"The Great Northern mapped out a programme of railroad building that will eventually make a connection between Spokane and Vancouver, and betterments will be made on all lines reaching Seattle when needed. I examined our double track line between here and Everett yesterday and when this work is all completed I am sure that it will be considered one of the scenic lines of the west. On other parts of the road men are at work making improvements."

Mr. Hill said there was little use in building a line to the coalfields of British Columbia, meaning the Crow's Nest country, until the mines were capable of supplying the demand, which at present they were unable to do.

SEEKS MISSING WIFE  
AND TWO CHILDREN

Man Who Has Travelled Thou-  
sands of Miles Continues  
Search at Seattle.

(Times Leased Wire.)  
Seattle, Wash., June 2.—After having travelled thousands of miles and crossed the Atlantic ocean twice, H. W. Anderson is to-day searching the Alaska-Yukon-Pacific Exposition grounds for his wife and two children, from whom he became separated during the earthquake and fire at San Francisco three years ago. Anderson was injured at that time and for weeks he lay in a hospital. When he had sufficiently recovered from his injuries to search for his family he was unable to definitely establish whether or not they had perished in the catastrophe.

Anderson and his family spent many years in London prior to coming to San Francisco, and he thought they might have returned to England. His letters to a brother in London remaining unanswered, Anderson worked his way across the country and then on a cattle boat to London. He did not find his wife and children, but he learned that they were alive and still on the Pacific coast. He returned to this country after he had earned the necessary money and worked his way up the coast from San Francisco. In Portland he got trace of his wife and children. They had been in that city and his wife had spoken of coming to Seattle to get work at the exposition. With this clue Anderson came to Seattle and spent the entire day yesterday searching for his wife. So far he has been unsuccessful in his quest.

ARCTIC BROTHERHOOD  
BUILDING DEDICATED

Ceremonies on Grounds of  
Alaska-Yukon-Pacific  
Exposition.

(Times Leased Wire.)  
Seattle, Wash., June 2.—The Arctic Brotherhood's beautiful rustic building on the Alaska-Yukon-Pacific grounds was formally dedicated this afternoon, and at the same time the ceremonies attending Behring Sea day at the exposition were held. The Behring Sea celebration was scheduled for 9 o'clock this morning, but the failure of the Nome people to arrive caused a postponement. The feature of the ceremony was the address by President Chilberg. A reception was held in the Arctic Brotherhood building during the afternoon, and a ball will be held there this evening. Several hundred residents of the Seward peninsula were present at the ceremonies to-day.

## CHINA BORROWING MONEY IN STATES

SEEKS \$100,000,000  
FOR RAILWAY WORK

Negotiations in Progress With  
Group of Financiers Headed  
by Morgan.

(Special Correspondence.)  
New York, June 2.—Discovery to-day that the real mission of the Chinese special envoy, Tang Shao Li, and his party, who spent several weeks at Washington last February, was to borrow \$100,000,000 for the Szechuan railroad, created a stir in Wall street to-day. It is understood that negotiations are now in progress between a group of American financiers, headed by J. P. Morgan, and the Chinese promoters. For the conclusion of the gigantic loan as soon as the Chinese government gives authority for the final arrangement.

The envoys, when they arrived last February, announced that they came to the United States to thank President Roosevelt for his liberality in remitting the Boxer indemnity. The envoys established a mansion at Washington and subsequent incidents indicated that they had some other mission here besides the one made public. Elihu Root, then secretary of state, told Tang that America did not loan money to foreign countries for political purposes, but that if proper assurances were given the state department would so assure the American financiers.

This assurance from the Chinese government is expected within a short time, and it is thought that the loan will be arranged soon.

WORKING DESPERATELY  
TO KEEP BACK FLOOD

Colorado River is Rising and is  
Cutting Its Way Through  
Bank.

(Times Leased Wire.)  
Needles, Cal., June 2.—With 175 feet of bank between this town and the Colorado river to-day, and with the bank being eaten away at the rate of 35 feet in nine hours, property owners here are working desperately building a breakwater to "save the town." To increase their alarm word has been received from the headquarters of the Colorado which indicate a steady rise of the river south of Grand Canyon. It is predicted that the river will be nearly two feet higher in the vicinity of Needles by to-morrow. It was thought in the earlier part of the season that there would be little additional damage done by the river, swollen by melting snow in the mountains. The sudden increase in the bank cutting, however, has caused alarm. The Indian mission El Bethel is in the path of the river's bank cutting, and several residences of considerable value stand near it.

## LUMBERMEN'S STRIKE GROWING SERIOUS

Strikers Parade Californian  
Town, Uttering Threats  
of Violence.

(Times Leased Wire.)  
San Francisco, June 2.—Strikers at McCloud to-day are parading the streets, uttering threats of death against any man who dares attempt to go to work, according to advices received here by J. H. Quail, president of the McCloud Lumber Company. Information concerning the situation of the lumber camp is meagre, but President Quail said to the United Press to-day that he understood there had been no acts of violence. He denied that the strikers had seized a railroad train, but admitted that they had effectively tied up the operations of the company. The strikers number about 600 men. They are getting \$1.75 and \$2 a day for their work, and struck for an increase of 25 cents a day. This demand was refused by the company on the ground that their wage schedule was the same as those of other lumber concerns in northern California.

May-Call-Out Militia.  
Sacramento, Cal., June 2.—Companies B and G, second infantry of the National Guard, are in marching trim and ready to leave at a moment's notice for the McCloud region, the scene of the lumber strike. Adjutant General Lauck said this morning that matters were in statu quo until another message arrived from Col. Brady, who advised last night that it would be necessary for four companies of militia to march at once to the troubled region before order could be restored. Up to 10 o'clock this morning no further word had been received by General Lauck. He was expecting any moment, however, to receive further advices that would make it necessary for the order to march. Governor Gillett said this morning at 11 o'clock that the militia would probably not be dispatched to the McCloud lumber strike region before this evening, if at all. He said he believed Sheriff Brown, of Siskiyou county had "cold feet" and should have attempted to arrest the leaders of the strikers at least.

Strikers Confident.  
Redding, Cal., June 2.—The strike at McCloud is becoming a siege. Neither side is making overtures, and it is going to be a waiting fight according to advices received here to-day. None of the strikers are leaving the camp, and it is apparent that they expect to win their battle.

The McCloud Lumber Company is beseeching the governor to send troops, but the sheriff declares that he can handle the situation without the aid of the militia.

PLEASED WITH THE  
RECEPTION TO CRUISERS

(Times Leased Wire.)  
Tokyo, June 2.—Government officials, the Japanese newspapers and the public generally are highly gratified over the splendid reception given Admiral Itochi and his Japanese training squadron, accounts of which have been published in the leading papers. The reception of the Japanese cadets and sailors in Tacoma and other cities on the Pacific coast, is regarded in all circles as unimpeachable evidence of the sincerity of the friendship between Japan and America.

## SEVERAL INJURED IN STRIKE RIOTS

ANOTHER ATTACK ON  
CAR AT PHILADELPHIA

Marines Are Called Out From  
Navy Yard to Disperse  
Mob.

(Times Leased Wire.)  
Philadelphia, Pa., June 2.—Several men were injured to-day when 75 workmen, whom the police allege are employed of the navy yard, attacked a trolley car manned by strike breakers. The motorman was felled by a brick and every window in the car shattered by a volley of stones. Two policemen were stationed on each end of the car. When the rioters started the bombardment the police fired into the air. The fight grew furious and marines from the League Island navy yard were called to disperse the mob. More cars are running to-day than at any time since the strike began. Charges that the car company attempted to bribe officials of the union were denied to-day at the car company's office.

ONE YEAR IN JAIL.  
Two Men Must Also Pay Fine of \$500 for  
Misuse of U. S. Mails.

Kansas City, Mo., June 2.—For misuse of the United States mails in connection with an Arizona mining venture, S. H. Slide and R. H. May to-day were sentenced each to serve a year in prison and to pay a fine of \$500. Frank H. Horn, also found guilty, will receive a similar sentence when his health permits him to appear in court.

WANTED IN WEST ON  
CHARGE OF SWINDLING

Warrant Issued in New York  
For Re-Arrest of Man Who  
Forfeited Bail.

New York, June 2.—A warrant for the re-arrest of Horace Greely Robinson, who as representative of the Marconi Wireless Telegraph Company, is alleged to have swindled many Californians, has been issued by the authorities here. Robinson was arrested a month ago upon complaint of H. S. Bock, of San Jose, and was placed under bonds of \$2,000. When the sheriff of Santa Clara county, California, arrived here with the necessary extradition papers yesterday, Robinson was called into court. He failed to appear, and his bond was declared forfeited.

TARIFF BILL.  
United States Senate Decides to Hold  
Night Sessions Until Business  
Is Completed.

Washington, D. C., June 2.—The senate to-day formally adopted the Aldrich resolution providing that its sessions shall be from 10:30 a. m. to 5:30 p. m. and from 8 to 11 p. m., until work on the tariff bill is completed.

## CAR CREW PLACED UNDER ARREST

TRIED TO OBSTRUCT  
MILITIA AT WINNIPEG

Captain of Company Stood Be-  
tween Rails Until Regi-  
ment Passed.

(Special to the Times.)  
Winnipeg, June 2.—For some time past there has been some friction between street railway motormen and others who are realizing the privileges of the military contest their right of way. Last evening matters were brought to a head when the 40th Regiment, marching from the drill hall to the university grounds, a Broadway car, No. 300, refused to stop. Seeing the carmen's intention Capt. Blanchard, of "A" company, signalled the car to stop and himself stood between the rails as the company marched across. The motorman obstinately held on until Capt. Blanchard stepped on the fender before stopping the car. Col. Blitman ordered the arrest of the car's crew, which the soldiers cheerfully effected. The motorman was inclined to resist, but was soon convinced of his folly and submitted. The regiment then continued to the grounds, and after manoeuvring and a march out the men of the regiment dismissed and the motorman was marched to the police station by a corporal and guard.

DECIDES TO ABANDON  
PANAMA SERVICE

Pacific Mail Company Will  
Withdraw From Route  
in August.

(Times Leased Wire.)  
San Francisco, Cal., June 2.—The Panama service of the Pacific Mail Steamship Company will be abandoned August 3rd, according to advices received from Washington and confirmed here to-day. Notice has been served upon the war department, and the government is making efforts to secure a line of vessels to take over the New York-San Francisco business now handled by the line in connection with the Panama railroad and steamship line.

Negotiations have been entered into with the shipping firm of Bates & Cheesbrough here to handle the business, but H. S. Bates said to-day that they were not willing to enter into an agreement less the port charges at La Boca are reduced. Bates claims that while the Pacific mail has been putting but \$15,000 loss of freight through the port he could guarantee \$5,000 and demands that the charges be reduced correspondingly. The eight steamers of the Pacific mail now making the Panama run will probably be used in the south and Central American coffee trade. These vessels are the Pennsylvania, recently purchased to replace the wrecked Indiana, the San Jose, San Juan, Newport, Acapulco, City of Sydney, City of Para and Peru.

FACES CHARGE OF MURDER.  
Chicago Physician Still Held by the  
Police Pending Investigations.

Chicago, June 2.—Dr. Haldane Clemons is in jail to-day with the police records showing that he is formally charged with the murder of his wife, Mrs. Nora Jane Clemons, who recently died from the effects of chloroform. Clemons still insists that the drug was administered by burglars and that he was affected by it also, but Chief of Detectives O'Brien refuses to accept the story as the truth. A chemical examination of the woman's stomach is being made. At first the physician reported that the burglars carried away some money and spoons, but when these were found in a closet, Clemons admitted that he put them there. The police are searching for a Miss Berg, 21 years old, with whom, it is said, Clemons is in love. Recently while the young woman was ill in a local hospital the physician called to see her daily and always left a bouquet of flowers.

MINERS HAVE NARROW  
ESCAPE FROM DEATH

Alaskan Mines Flooded—Dam-  
age Estimated at Quarter  
of Million Dollars.

(Times Leased Wire.)  
Fairbanks, Alaska, June 2.—The Beese bench claim and the Scandia mine at Underwood have been flooded, and the loss will aggregate \$250,000. The cause of the flooding of the mines was the breaking through an old wall to a subterranean channel of a steam point. Workmen who were in the workings at the time barely escaped with their lives by rushing through the drifts & the shafts. In two minutes after the breaking down of the wall, the mines were filled with water. The damage to the properties is said to be irreparable.

## JUDGE TIRED OF WORDY STRIFE

THREATENS TO SEND  
ATTORNEYS TO JAIL

Another Scene During Hearing  
of Charges Against  
Calhoun.

(Times Leased Wire.)  
San Francisco, Cal., June 2.—If the warring camps of the prosecution and defence in the Calhoun trial do not cease the wordy strife and the mouthing of personal taunts that have characterized the proceedings, the attorneys will be jailed for contempt of court. That Judge Lawlor has reached the limit of his patience and will tolerate no more exchanges of innuendo was apparent to-day, when Attorney Rogers' accusation of perjury on the part of witness John Helms almost precipitated a physical encounter.

"If these scenes are not stopped some one will be jailed for contempt of court," warned Judge Lawlor. The angry mutterings among counsel that the attack had occasioned ceased, and Rogers resumed his seat, subdued. Helms again was called to the witness stand by the prosecution.

If his former testimony in the case proved annoying to the defence, a bombshell was exploded in its camp when he stated under Special Prosecutor Hene's questioning that he personally had delivered to Patrick Calhoun papers alleged to have been stolen from the offices of Special Agent Wm. J. Burns.

Rogers leaped to his feet. "Don't you know that you are a perjurer?" he shouted.

"No," thundered Helms, "and I defy you to prove it." Then jumping from his chair on the witness stand, he advanced menacingly upon Rogers, shouting: "You have intimated that several times, and I'm not going to stand it again even if I am in a court room."

Everyone inside the enclosure leaped to his feet, and the court officers quickly made their way to the scene of the threatened hostilities. It was then that Judge Lawlor voiced his warning and the excited belligerents returned to their chairs.

## PINS HIS FAITH ON AEROPLANE

PROF. DAVIDSON DECRIES  
DIRIGIBLE BALLOON

Declares it is Too Uncertain to  
Be of Commercial  
Value

(Times Leased Wire.)  
San Francisco, Cal., June 2.—Count Zeppelin's record flight of 850 miles in his air craft caused the expression to-day of dissenting opinions by local students of aeronautics. Roy Knabenshue, exponent of the dirigible balloon method of aerial navigation, lauds Zeppelin's performance as the most remarkable in the record of aerial aviation. Prof. George Davidson, of the University of California, student of aeronautics for more than a quarter of a century, describes the dirigible craft, and avers that its uncertainty precludes its practicability.

"The aeroplane is restricted," said Knabenshue, "and it is artificial all through. In it an extended night is impossible. More than two men cannot travel safely in one. I regard Zeppelin's feat as remarkable, and think it means more than the work of all other aviators put together. I am going to have a big dirigible airship similar to Zeppelin's, built by the first of the coming year."

Davidson is firm in his advocacy of the aeroplane. "I don't see how the dirigible balloon ever can have any commercial value," he said. "It's too uncertain, and the difficulties attending its use in war are too great to be overcome. Zeppelin is a matter of national pride with the Germans; that's why he is encouraged. The other day he landed in a pear tree. Everything he has done has been attended with disaster. Handling the aeroplane, while a delicate matter, is not the formidable task that it is with the immense Zeppelin ship. I think that the useful air craft of the future will be the aeroplane."

CYCLIST MAY DIE.

San Diego, Cal., June 2.—Losing control of his motor cycle through a break in a casting of the machine, Clarence Sheppard, an entrant in a race, was thrown from his machine to-day and sustained injuries from which probably he will die. Sheppard was going 50 miles an hour through a city street when the accident happened. He was hurled 40 feet and was horribly bruised.

NEW YORK TO SEATTLE RACE.

Albany, N. Y., June 2.—The automobiles entered in the New York to Seattle race passed through Albany at noon to-day, en route to Syracuse. None of the machines had met with any mishaps since they started from New York yesterday afternoon.

## APPEALS TO SHERIFF FOR ASSISTANCE

Officers Hurry to Reservation Where Indians Are Causing Trouble.

(Times Leased Wire.) Riverside, Cal., June 2.—Bearing an appeal for aid and for the protection from the Indians of the Palm Springs Indian reservation, 150 miles on the desert from here, a courier arrived at Palm Springs station and sent the following message to Sheriff Wilson: "Come at once. In grave danger and need protection."

"Mrs. Gustie Rogers," Sheriff Wilson and a number of his deputies left at once for the reservation. In the meantime Miss Clara True, Indian agent for the reservation, communicated this afternoon with Constable Recouvreux, who with a posse also set out for the scene of the trouble.

Cause of Trouble. San Francisco, June 2.—Belief is expressed here that the trouble at Palm Springs is in some way connected with the establishment of a boom town which a squatter named James Rogers is reported to have started on the Indian reservation.

William E. Johnson, who says he is a special agent in the Indian service, stated yesterday that he had ordered Indians on the reservation to dispossess Rogers. Johnson could not be found at the Argonaut hotel, where he is stopping, this afternoon, and the clerks at the local Indian warehouse said they did not know him.

—Evenson and Histed, the two school trustees at Qatsino, who incurred the wrath of Nordstrom, the J. P. there, are now charged with assault and will have to appear before Magistrate Jay. This is the next move following the dismissal of the former proceedings by Chief Justice Hunter.

—A most successful entertainment was given recently at the Old Ladies' Home by the Young People's Society of the First Congregational church. Rev. H. A. Carson occupied the chair, and an excellent programme of recitations and vocal and instrumental music was rendered as follows: Duet, Mr. Ferris and Mrs. McKay; violin solo, Miss Winnie Scowcroft; song, Mr. Collins; mandolin selection, Mr. Barton; song, Mr. Johnson; recitation, Miss Holquist; song, Mr. Large; recitation, Mr. Haworth; song, Miss Cocker; addresses by the chairman and Rev. J. Gray; song, Mr. Shandley; song, Miss Cocker; violin solo, Miss Roberts. The accompanist was Miss Cochran. Among the visitors present were Mrs. Goodacre, Mrs. Clay, Mr. and Mrs. Braik, Mr. Howell, Mrs. Roberts and others. At the close refreshments were served by the visitors and a short time given for social intercourse, the inmates of the institution wishing for another visit.

## MACKENZIE KING TAKES OATH OF OFFICE

New Minister of Labor Will Probably Be Re-elected by Acclamation.

(Special to the Times.) Ottawa, June 2.—Mackenzie King, M. P., North Waterloo, was this afternoon sworn in by His Excellency Earl Grey as minister of labor. The oath of office was administered by the clerk of the Privy Council. The writ for the bye-election in North Waterloo will be issued without delay. It is expected, however, that the new minister will be elected by acclamation.

## TRAIN DELAYED.

(Special to the Times.) Toronto, Ont., June 2.—Passengers on the Canadian Pacific Toronto express, from Winnipeg, which arrived last evening, had an exciting time. The big train was almost seven hours late in getting in, being held back at two points by wrecks west of Kenora. The train ran over a moose, cutting it in two. Further along the train was held up for a couple of hours by the Imperial Limited, which was ahead and delayed by a wreck west of North Bay, already chronicled. As if this were not enough the train was held up five hours at Parry Sound by some freight which had distributed itself along the roadbed three miles to the south.

Counsel for Maurice Ryan Makes Application to Court of Appeals.

(Special to the Times.) North Bay, June 2.—A special sitting of the Court of Appeal is being held in Toronto to-day to consider the case of Maurice Ryan, sentenced to be hanged on Thursday for the murder of his brother here. Application was made by A. R. Hassard, of Toronto, who asks for a reprieve in view of new evidence said to be available in favor of the condemned man and warranting a new trial.

## BRANDON ELECTION CASE.

Charge Against the Returning Officer Is Dismissed.

(Special to the Times.) Brandon, Man., June 2.—Judge Ryan heard the case of J. Herbert Ingram, barrister, charged with mutilating election lists while returning officer for Brandon during the general elections. Mr. Ingram having been informed by Judge Cumberland and others that Wm. Nicol's name was left off the lists in error and that Dan Hugh McCullough's name was repeated, went to poll three and striking out McCullough's name in the second appearance and substituting Nicol's name, initiated the change and Nicol subsequently voted. For the defence H. A. Robson claimed malice was neither shown nor alleged and quoted precedent in the court of appeals. A. A. Andrews contended that however imperfect the lists, the officer had neither the responsibility for the imperfection nor the right to correct them in and altering the lists in any way was breaking the law. Judge Ryan held he was bound by the precedent quoted by Robson and dismissed the case. He granted a reserve in the case on the constitution of the word writ as applied to be returning officer. Andrews expressed satisfaction with the outcome concerning Mr. Ingram.

## ALLEGED EMBEZZLERS

WILL BE PROSECUTED

Proceedings to Be Taken Against Former Bank Employees.

(Times Leased Wire.)

Lewiston, Idaho, June 2.—President F. W. Ketterbach, of the Lewiston National Bank and Idaho Trust Company, is authority for the statement that a judgment of \$10,000 was discovered in the books of the National Bank before its recent consolidation with the Trust Company, and that it has been made good by the directors and shareholders. The defalcation was found by National Bank Examiner Claude Gatch, who, after a thorough examination of the books, reported that the alleged embezzlement had covered a period of five years. Two former employees of the Lewiston National Bank are said to have admitted that they knew something concerning the manner in which the funds disappeared, but the entire affair was kept from the public for obvious reasons.

Now the officials of the bank are ready to proceed with the prosecution which will be in charge of the government and the surety companies that were on the bonds of the suspected parties. The Lewiston National Bank and the Idaho Trust Company consolidated about a year ago.

"Nobody now connected with the bank had anything to do with the embezzlement," said President Ketterbach to-day. "The examination shows that no large amount of money was taken at one time, but that small amounts were embezzled for a period of five years."

## ACCUSED OF EMBEZZLEMENT.

Former Grand Secretary of Californian Order Held Awaiting Action of Superior Court.

San Francisco, Cal., June 2.—Chas. H. Turner, former grand secretary of the Native Sons of the Golden West, was placed in jail to-day after being arraigned and bound over to await the action of the superior court on a charge of embezzling \$6,720.50 of the funds of the order. The complaint upon which Turner was arrested was sworn to by Attorney Daniel A. Ryan, vice-president of the Native Sons. The amount of Turner's bail has not been fixed.

## DODGING CALIFORNIA'S ANTI-GAMBLING LAW

Syndicate Formed at San Francisco to Play Victoria Races.

(Times Leased Wire.) San Francisco, Cal., June 2.—That a poolroom syndicate, financed by men prominent in the racing world, has been organized in this city for the purpose of evading the anti-gambling law passed by the state legislature, is a well-founded rumor that is generally credited here to-day. It is said that the syndicate will begin operations when the Victoria races start June 5th.

The syndicate, according to the general belief, will maintain a central office in a downtown building and will be represented in cigar stores throughout the city. By means of telephones the central office will be kept posted as to bets received at the cigar store branches, and will pay closing odds as flashed from Victoria by telegraph.

## DIRECTOR BALLOON

FALLS INTO RIVER. Aeronaut Is Rescued and Craft Towed to the Shore.

(Times Leased Wire.)

New York, June 2.—Frank Goodall to-day made one of the longest aerial flights ever attempted in this vicinity. In a Strohbe dirigible airship he flew from the pinnacles opposite the upper end of Manhattan island, over Hoboken to Jersey City.

Swinging his craft easily he put about and crossed the river heading for Grant's tomb. Near the tomb he collided with a tree, but after effecting a few minor repairs he resumed the flight. While crossing the Hudson upon his return to the pinnacles, his ship foundered into the water. He was rescued by a passing row boat and his damaged dirigible towed to the shore.

## SHOE MAKERS ON STRIKE.

San Francisco, Cal., June 2.—Nearly 200 employees of the Buckingham and Hecht Boot & Shoe Factory struck to-day. The men were employed at piece work in the factory. Tuesday the wages for piece work were reduced and the strike was ordered by Vice-President Lovely, of the International Boot and Shoe Workers' Union, after all attempts to reach an amicable settlement with the firm had failed.

## NEAR DEATH'S DOOR

Mi-o-na cures dyspepsia. If any of the readers of the Times are suffering from stomach trouble of any kind Dr. Campbell will sell you a box of Mi-o-na for 25 cents with an absolute guarantee of relief or money back.

Nell Murray, of Huron Road, Goderich, Ont., says: "I suffered with indigestion for over four years and had been given over as incurable by many doctors. I had become a nervous wreck through loss of sleep, and whatever I ate did not remain on my stomach for over two hours. I would suffer with vomiting spells that would almost kill me, perspiration as large as beads would break out all over my body and leave me in so weakened a condition that I would be unable to stand, not a night's rest in over six months and was so weakened and run down that my family thought I would die. My heart was greatly weakened and would flutter and a sharp pain would come through me and cut off my breath. I was reduced in weight from 150 to less than 110 pounds. Doctors would give different causes for my trouble, yet none of them gave me the slightest relief. I commenced treatment with Mi-o-na and when one-half of the first box was used I could eat my meals without suffering the dreadful vomiting spells. I used about ten boxes in all, and I am entirely cured. My stomach is as strong as ever and there is not the slightest trouble with digestion. I have gained about 40 pounds in weight, am strong and healthy and like a new man. I will always speak highly of Mi-o-na, as it cured and I believe kept me from sure death when all else had failed."

### HENEY ACCUSES WITNESSES OF PERJURY

#### Attacks Judge Munroe During Calhoun Trial at San Francisco.

San Francisco, Cal., June 2.—That witnesses in the Calhoun trial had been guilty of perjury was the startling charge brought by Special Prosecutor Francis J. Heney yesterday, and Judge Munroe, of Humboldt county, was the chief object of Heney's attack. He claimed that Munroe gave testimony that later events proved to be perjury. "Munroe testified here that he sent Winfield Lamb to see Detective John Helms at Ruth, Trinity county, because he was Helms' attorney, and he heard his client was in trouble with the forest rangers," Heney said. "Then in the letter in which he told Lamb to investigate Helms, he said 'Burn this letter.' That is conclusive proof of his guilt." Attorney King for the defense, arraigned Heney's allegation as misconduct, claiming that Heney had no right to impeach a witness he had called. King averred that the special prosecutor had broken his oath of office by his procedure. That he had evaded court officers who were searching for him with a subpoena to compel him to appear as a witness and that he had done it to give the Burns' detectives "a merry little chase," was the statement of Hugh O'Neill, an attorney, from the witness stand.

O'Neill talked with John Helms upon his arrival in San Francisco, from Ruth, Trinity county. It was he who caused Helms to telephone the office of Attorney Metson, former legal advisor to Eugene Schmitz, when the conversation was recorded by a photograph in Metson's office. Helms was called to the stand again. He repeated a conversation with Winfield Lamb, during which he said he was offered \$3,000 not to testify in the president's trial.

### CONDEMNNS METHODS OF PACIFIC MAIL CO.

#### Alleged to Be Dealing Unfairly With United States Government.

San Francisco, Cal., June 2.—That the Pacific Mail Company is dealing unfairly with the United States government and with the Chinese immigration it brings to this port, is the opinion of F. Watts, Jr., attorney for the immigration bureau of the department of commerce and labor. Watts has been sent to this city to investigate the Pacific Mail Company's methods of handling Chinese immigrants and of guarding undesirable applicants for entry. It is said that the company frequently crowds more than 200 Chinese into detention sheds which are built to accommodate but 90. It is also said that the company has not exercised watchful care over the applicants for residence, and the General Manager Schwerin has failed to file reports of the local condition with the government. Commissioner-General of Immigration Keefe is expected to arrive in San Francisco late in June on his official tour of inspection.

### MASTERING RAILROADING.

#### Son of Director of Maintenance is Foreman of Gang of Laborers.

Chicago, June 2.—Through a bulletin issued by J. H. Dyer, superintendent of the Shasta division of the Southern Pacific, Julius Kruttschnitt, director of maintenance of the lines, learned that one of his sons is a roadmaster in the company's employ. Young Kruttschnitt, who is a Yale graduate, has started to learn railroading from end to end, and with this in view he took charge of a gang of Greek and Japanese laborers. His headquarters are at Weed, Cal. When Kruttschnitt becomes quite familiar with the rough work of the maintenance department he intends to enter the Southern Pacific's student course which will necessitate 42 months of hard labor. The elder Kruttschnitt is said to be pleased with his son's determination to become a railroad man without the use of his "pull."

### RAILWAY RENTAL.

Toronto, June 2.—The railway commission sitting here yesterday decided that the Canadian Northern railway should not be called upon to pay \$1,000 rental per year for the use of the Union station, when it agreed in 1906 to pay \$1 per car in and out of the station.

### CONVICTED OF FENCING GOVERNMENT LAND

#### Jury in Case of Oregon Rancher is Out Seventeen Hours.

Portland, Ore., June 2.—Wm. Hanley, the wealthy rancher of Harney county, was yesterday found guilty of maintaining and controlling an illegal enclosure of approximately 80,000 acres of government land, by a jury in the federal court. Thirty days were allowed to file a motion for a new trial and submit a bill of exceptions to the verdict.

Contending and arguing through the long hours of the night, there was such a difference of opinion among the eleven men composing the jury that it was the fixed belief of all concerned that they would never agree, when at 10 o'clock they were locked up for the night. After receiving instruction from Judge Wolverton, the jury retired at 4 o'clock Monday afternoon. They did not agree on a verdict until 9 o'clock yesterday morning.

Hanley's conviction makes his offense a misdemeanor. The maximum penalty is a \$1,000 fine and one year in jail. This sentence may be made less at the discretion of the court.

### WASHINGTON GRAND LODGE OF ODD FELLOWS

Reports Show Increase in Membership—Election of Officers.

Bellingham, Wash., June 2.—The highest law-making body of Oddfellowship in the state assembled here yesterday, when Grand Master L. A. Birdseye, of Spokane, called the thirty-first annual session of the grand lodge of Washington I. O. O. F. to order. Six hundred members were present at the opening exercises. Grand Master Birdseye felicitated Oddfellowship in the state since the last grand lodge session, in point of increased membership, excellent financial showing and untold good accomplished by exemplification of the tenets of the order.

First in the order of ritualistic exercises was the conferring of the past grand degree exemplified by the grand lodge officers. Committees were appointed and a business schedule arranged for the real work of the convention. It is stated by members of the grand lodge that one of the important matters of the session is the subject of enlargement of the Oddfellows' home at Walla Walla.

New grand lodge officers were elected as follows: Grand master, J. M. Rolston, Port Townsend; deputy grand master, Robert E. Lee, Colville; grand warden, N. K. Staley, Bellingham; grand secretary, Louis F. Hart, Tacoma; grand treasurer, H. E. Holmes, Seattle; home trustee, Zeli M. Bobbe, Cofax; representatives to sovereign grand lodge, L. J. Birdseye, Spokane.

### CHARLES J. MORRIS

#### SHOT THROUGH HEAD

Startling Evidence Introduced by Crown in Trial at Regina.

Regina, June 2.—That Charles J. Morris was not killed by a blow on the head, but was shot from behind, was the startling testimony brought out by Dr. Charlton at yesterday's session of the murder trial. Witnesses told of examining the skull and brain and finding a bullet hole through the former, which he gave as the cause of death. He did not believe that death was caused by the cracking of the skull, but thought this likely took place afterwards.

Portions of the brain and of the skull were produced in court, and during the examination the prisoner only held himself under great nervous tension, refusing at any time to look at the specimens.

A pair of overalls were produced and the doctor swore to human bloodstains on these. A spade was also produced, showing blood stains, and two coat oil or gasoline cans were shown, each having the stains of human blood on them. An empty cartridge was also produced and said to have been in contact with blood.

Dr. Charlton also said deceased had lived a short time after the shot was fired.

The theory of the crown now is that Morris was shot from behind, and then hit over the head with some instrument which cracked his skull. The body was thrown into the lake, saturated with coal oil and burned.

This is only the third witness for the crown, and the case has been going on for a day and a half, so it will likely be prolonged for some time.

### HONORED BY FRANCE.

Resident of San Francisco to Receive Cross of the Legion of Honor.

San Francisco, Cal., June 2.—Daniel Levy, scholar and savant of this city, is to be decorated with the Cross of the Legion of Honor of France. The formal announcement of the distinction that is to be conferred upon him, will be made by French Ambassador Jusserand when he comes to San Francisco, June 5th, to present the medal commemorating the rehabilitation of this city, the gift of the people of France. Levy is 83 years of age. He came to this city in 1855 and always has been a figure of prominence in local French circles. He founded the San Francisco French library, and was active in the organization of the local French hospital.

### VICTIMS OF LYNCHERS IN UNITED STATES

More Than Three Thousand During Past Twenty-five Years.

New York City, June 2.—That 3,284 men, women and children have been lynched in this country in the last quarter of a century was the assertion of Mrs. Ida Wells Barnett, at the National Negro Conference in this city yesterday.

Asking why this was permitted by a Christian nation, Mrs. Barnett quoted John Temple Graves as saying that the mob stands as the most potential bulwark between the women of the south and such a carnival of crime as would precipitate the annihilation of the negro race.

"All know that this is untrue," Mrs. Barnett said. "The lynching records," she added, "disclosed the hypocrisy of the lyncher."

Describing the riots at Springfield, Ill., Mrs. Barnett said it was all because a white woman said that a negro man had assaulted her. Later Mrs. Barnett said, the woman published a retraction, but the lynchers' victims were dead.

### GRAIN SHIPMENTS.

Port Arthur, Ont., June 2.—During the period between September 1st and May 31st, 20,184 cars of grain were received here over the Canadian Northern railway, an increase of 4,435 cars over the same period last year. There were 15,818 cars of wheat, 2,181 cars of oats, 1,050 barley and 137 flax.

## VICTORIA AND HER REPRESENTATIVES.

Estimating the value of a public man's services to the state upon a basis of what he may or may not have done for any particular locality is a petty, not to say contemptible, manner of measuring his value or capacity. One has only to look around Victoria and the surrounding country and compare the conditions which prevail to-day with the conditions which prevailed a decade ago to appreciate what the Dominion government has done for this part of Canada. It is quite true the government has done nothing more than its duty; but it would not have had so much to do if the previous government had kept the various departments up to date. It is doubtless true, also, that much yet remains to be done in the matter of providing for the protection of the fisheries of the coast and for the safety of shipping. Although the financial year has been a lean one, the receipts at the Dominion treasury showing a considerable falling off as compared with late years, the government has made liberal provision for all the services of this coast—more liberal, probably, than for any other part of the country. We do not expect the representatives of the province to receive any credit from the Tory press for what they have accomplished; but the fact that there is government right at home which got into power on professions of a desire "to do something for Victoria," which they strongly supported on its professions, and which has done absolutely nothing to justify their faith, ought to make them exceedingly chary of challenging comparisons. The leader of the McBride government is a representative of Victoria in the provincial legislature. He is supported by three Conservative members representing Victoria. That government has been in power for six years. Can any of its organs point to a single thing the McBride government has done for Victoria—to even a single act of pro-

vincial development it has instituted that would prove of ultimate benefit to Victoria? It has done much for other cities; why its discrimination against the capital, the constituency of the Premier represents? Is Mr. McBride merely a factotum of Mr. Bowser?

## PROSPECTS NOT SO GLOOMY.

The high protectionists of this country profess to see ruin staring in the face of Great Britain as a consequence of the adoption of the taxation proposals of Mr. Lloyd-George, the Chancellor of the Exchequer. The poor old Mother Land has often been depicted on the verge of the precipice, which ends in disaster. Sometimes it has been a political precipice; at other times a social precipice; now it is both a political and a financial precipice. Yet when put to the test the people have developed sufficient of reserve power and stamina to triumph over all the forces which have been arrayed against them. Germany is not the only menace politicians of fearful temperament perceive rising out of the depths against Britain at the present time. This tax upon land and income, we are told, is going to drive capital and capitalists out of the country. The investor is going to shoulder his sack and seek new and more secure and tax-free investments elsewhere in the democracy of the United States or in the auto-cracies of Asia and South America. Yet the taxpayers of Great Britain have been repeatedly called upon to bear much heavier proportionate burdens, loads in comparison with which Mr. Lloyd-George's imposts are as feathers, and under them the wealth of the country steadily increased. The Ottawa Free Press, moved to inquiry by the doleful forebodings of some of its contemporaries, makes public the following figures relating to British trade:

The national revenue which in 1880 was £70,000,000 was in 1907 £156,000,000. The national debt was in 1880 £828,000,000 and in 1907 only £779,000,000.

The taxable income rose from £335,000,000 in 1880 to £943,000,000 in 1907. The savings banks deposits which were £41,000,000 in 1880 reached £209,000,000 in 1907.

The amount of tea consumed per head, which was 2.7 lbs. in 1880, was in 1907 7.2 lbs.; while the consumption of sugar rose from 24 lbs. per capita to 38 lbs.

The vessels owned in the British Isles were in 1880 4,658,000 tons; in 1907 their tonnage was 11,455,000 tons; while the shipping entered and cleared, exclusive of coasters, rose from 21,300,000 tons to 133,300,000 tons.

In 1880 the vessels built for British owners reached a total of 227,000 tons, but in 1907 the total was 1,356,000 tons.

The pig iron produced grew from 3,500,000 tons in 1880 to 10,114,000 tons in 1907; and the raw cotton worked up went up from 492,000 tons to 913,000 tons.

And, most significant of all, while the wages of agricultural laborers in the same period advanced from 10s 11d per week to 15s 11d, the price of wheat fell from 59s 1d per quarter to 30s 1d, and the percentage of pauperism fell from 4.5 to 2.2.

That does not look very much like national ruin, does it?

## BOUND TO GO AHEAD.

The Bank of Montreal has purchased a home of its own in Wall street, New York. Wall street, as our readers know, is the financial centre of the New World. The price paid for the property by this Canadian banking institution is said to have been eight hundred thousand dollars. Let no one be alarmed lest the money with which the Wall street property was purchased shall be drained from Canadian sources. The New Yorkers and their neighbors will pay for that lot and bank building. They appreciate Canadian monetary institutions just as they welcome Canadian men and women as settlers. Neither let it be supposed that because the Bank of Montreal has given such an evidence of appreciation of New York business

that the "balance of trade" is over against us. A large army of settlers has trekked from the United States into Canada during the present year, bringing with it at least seventy millions of dollars, according to conservative authorities. This estimate applies to the prairie provinces alone. We know that not a few have come into British Columbia also; that they are likely to furnish the very best of bone and sinew and brain for the work their hands may find to do here. The movement to and fro across the border, both of capital and the material which gives capital its value, is one of the most interesting industrial phenomena of the times. Uncle Sam may raise his tariff fences as "high as Haman's gallows," yes, as high as Jack the Giant Killer's bean stalk, but he can never check that movement. It will increase in volume with every succeeding year—and keen observers on the other side of the line declare with some alarm that we are already getting the cream of the population, the skimmed milk, in the form of all the immigration from southern Europe, remaining behind. In fact, Canada has now reached the stage from which she must go forward, and at a rate passing all anticipations. It was the great northern movement of people and capital that prevented us from feeling the hard times which were so manifest in every other part of the world.

## NEWFOUNDLAND AND CANADA.

Sir Robert Bond, late premier of Newfoundland, did not appear at the head of the opposition forces on the opening of the island legislature yesterday. It may be that Sir Robert has not fully recovered from the effects of that cold bath administered by Sir Edward Morris's over-enthusiastic supporters, or, again, it may be that the cold douche applied by the electors of the province had something to do with the former Premier's indisposition. Nevertheless the Newfoundlanders had little reason to be dissatisfied with the manner in which their affairs were conducted by the former government. Sir Robert Bond is an able man, and Canadians will regret that he has fallen. They will deplore his political fate all the more if the alliance with Canada for the purpose of procuring a settlement of the fisheries question had anything to do with the mishap. The Newfoundlanders are intensely sensitive about the autonomy of their country. They seem to labor under a delusion that there is a conspiracy between this country and the Mother Country to inveigle them into the Canadian confederation. Such a consummation would dispose of many complications continually cropping up in the relations of the three countries of North America and obviate many difficulties which prove a source of embarrassment to Imperial statesmen. But there is no desire on the part of either Great Britain or Canada to force the hand of Newfoundland. If her people desire to remain their own masters, as they put the matter, well and good. We want no unwilling partners in the Canadian Confederation. Sir Robert Bond put the fisheries case of the colony in the hands of Hon. A. H. Aylesworth, the Canadian Minister of Justice, because he knew that it would be in the keeping of the ablest lawyer and the most accomplished diplomat under the flag on this side of the water. Whatever the result of the appeal to the Hague tribunal, that result will not be brought about because the American case was in able hands.

Professor Davidson, who affects to know, says the dirigible balloon can never be of any commercial value. Well, is the aeroplane so certain in its uprisings, its downfallings and its forward movements as to be of any immediate commercial value?

Now that the issue has been raised, we are compelled to ask that old question, what has the McBride government done for Victoria? Will the Colonist, faithful to the point of indifference to consequences, have the goodness to answer the question?

The attendance on the first day of the A.-Y.-P. Exhibition was not record-breaking. Eastern crowds are probably going to kill two birds with one stone when the annual provincial fair in Victoria opens.

Prince Rupert lots look good to many people. For ourselves Victoria real estate is quite satisfactory, thank you.

## RULE OF THE SIDEWALK.

To the Editor:—Re your editorial, "The Rule of Road," I wish to ask what is the rule of the sidewalk here, if there is such a thing?

To one who has lived some years in Australia and New Zealand, where they are very strict as regards pedestrian traffic, the rule there is "Pedestrians keep to the right." The vehicular traffic being the same as here. To one who has been so used to keep to the right your go-as-you-please way of walking seems somewhat disconcerting. Why do not the police or some other authority get a hustle on and show the people the error of their ways?

## CHINESE LOTTERY

## CASE BEING HEARD

Judge Lampman Requires Evidence as to What the Game is.

On the fifteenth day of the second moon, in the evening, two private detectives walked into Ying Foy's establishment on Cormorant street and played a game there. To-day the crown is trying to prove to Judge Lampman that what they played was Chinese lottery and that Ying should go to jail. The courtroom was crowded with Celestials. City Prosecutor Moore is conducting the prosecution, while Ying is defended by J. A. Aikman and George Morphy.

The charge was that on April 2nd, at 48 Cormorant street, he did unlawfully sell a lottery ticket to John Collins, a detective.

"Not guilty," said Ying Foy, clearly, distinctly and in good English. Collins told of being sent over here by the Canadian Detective Agency, of Vancouver, with another operator, Long. In company with Long and Lee Sing he went to Ying Foy's, among other places, and they were admitted in rear of the store, after passing a look-out in the store, to whom Lee Sing made some explanation in Chinese. Inside Lee told the proprietor they were "allies, samues good sports, all right." Collins explained the purchase and marking of a ticket, on which he found next day that he had won \$1.65. He said he had played the Chinese lottery game for several years in New York, Chicago, Vancouver and Victoria. As to the chances of winning he said that down east people who played the lottery were called "suckers."

"What makes you call it a lottery?" asked Mr. Aikman.

"It has been known as that for a quarter of a century," witness replied.

Mr. Aikman went on to put a question as to witness's knowledge of what the Criminal Code says of lotteries. As it says nothing Mr. Moore contended that this was not a fair question and Mr. Aikman suggested that the question might be a trap to test the witness, to which Judge Lampman replied that witnesses must be protected from unfair questions.

The witness admitted that there was great similarity between roulette and this game, except that there were eighty numbers instead of thirty-six, and that the drawings were not seen by the players.

To His Honor Collins said that all the players were whites or colored folk; he saw no Chinese playing the game.

Wong Kung Tow, Chinese interpreter at Vancouver, deciphered the marks on the ticket bought by Collins. He told Mr. Aikman the name on it was "pigeon ticket."

Chief of Police Langley identified the property taken from Ying Foy's under search warrant. He considered the Chinese lottery was a game of chance. He had played it twice and did not get his money back.

"Rather a game of no chance," commented his honor.

Harry Long corroborated the evidence of Collins. Both told that the tickets had been purchased from a Chinaman, not arrested, who passed the money over to Ying Foy, and that the winnings were paid over by Ying. The tickets were marked by the unknown Chinaman.

Mr. Aikman argued that the evidence did not disclose any sale by Ying Foy, but the judge held that what ever it was that had been sold Ying was the seller. A request for a recess

The bank clearings for the city for the week ending yesterday amounted to \$1,260,940.

Mr. Justice Irving held chambers this morning and disposed of some small applications.

Yesterday afternoon the Home Nursing Society held a meeting in the city hall. A considerable amount of routine business was transacted.

The funeral of the late Mrs. Mable Sears will take place to-morrow afternoon at 2:30 o'clock from the Hanna chapel. Interment will take place in Ross Bay cemetery.

Hon. Thomas Taylor, minister of public works, is to address a Conservative meeting at Sooke on June 11th. While in the neighborhood he will look into the condition of the roads and hear representatives as to the need for new ones.

A reception will be held this evening by the ladies of St. Columba church for their past pastor, Rev. Dr. Whittier. At short musical programme has been prepared. Everyone is cordially invited to attend.

Arrangements are being made now by the provincial exhibition authorities for the advertising campaign for the show to be held here. There will be spent on advertising this year \$2,500 as compared with \$2,300 last year. The advertising will be carried further east than usual on account of the cheap rates which will be in force during the Seattle exposition. The prize lists of the exhibition will be in the hands of the public in a few days. New divisions have been added and the list will be as a consequence more extensive than last year.

The regular monthly meeting of the Friendly Help Society was held yesterday with Mrs. Perrin in the chair. There were but a few applicants for aid and the report showed that twenty-one families were assisted during the month of May. Two were supplied with fuel, four with milk, fourteen with groceries, and nine with clothing. The following acknowledgments of contributions were made: Cash from A. Friend, Mrs. Rant, R. F. Taylor, and the city; clothing received from Mrs. E. B. McKay, Mrs. W. C. Sheldon, Mrs. Musgrave, Mrs. Rickaby, A. Friend, Mrs. R. B. McMicking.

The regular monthly meeting of the Men's Own Social Club was held last evening at 8 o'clock in the school room of the First Congregational church. Considerable business of importance was transacted during the evening. After the business was disposed of a presentation was made to John Hough, one of the members who was recently married, by A. Housel, in the name of the club. Mr. Hough replied in very grateful terms, referring to the kindness shown him. The meeting was brought to a close by the singing of "Bless Be the Tie That Binds."

PANTAGES THEATRE.

This Week's Show Is a High Class One.

It is a neat bit of work that Wayne, the Wizard, and his clever assistant, Mille Adele, perform in the trunk mystery at Pantages theatre this week. The manner in which the substitution is accomplished in such a short space of time is marvellous. The escaping from the handcuffs, the sealed sack on the very trunk itself each seems like an impossibility under the eyes of a watchful committee, yet it is being done at every performance and the question of how remains unanswered.

The big feature of this week's show at Pantages is a high class one, perhaps too high for the average vaudeville audience. Few people listening to the beautiful music of the saxophone quartette can really appreciate the splendid musical treat they are getting. Everyone is enraptured by the melody, while those with the higher musical instinct realize the rich treat afforded. Rooney and Richards present a laughable sketch, "The First Quarrel." Dainty Irene sings character songs, James Dixon and the aeroplane motion pictures complete a show easily worth while.

The firm of Pascoe & McDonald has been awarded the contract for the construction of the road summit of Gonzales Park. The roadway will start from Mr. Bell's residence. ## ADVERTISING ISLAND AT SEATTLE FAIR

Development League Arranges for Steady Supply of Literature.

That Vancouver Island and its varied riches will be well-advertised during the A.-Y.-P. fair is certain, every care being taken by the Vancouver Island Development League that there shall be a generous supply of literature available throughout the fair. At present the league is looking out for some one who has a thorough knowledge of the island to take charge of the distribution of this.

Through the kindness of the C. P. R. and C. M. Richardson, who is in charge of the company's exhibit at Seattle, ample space has been set aside for the league. The secretaries of the branch leagues up the island have been asked to send in all the literature available about their respective sections.

Secretary McGaffey is in Alberni today and will address the business men there. From there he is going on by launch to Ucluelet and Clayoquot, for the joint purpose of addressing meeting and obtaining information on the spot as to the resources and needs of those districts. Mr. McGaffey has been up through the Cumberland and Courtenay districts, which he declares to contain enough coal to last the world for ten centuries. Roads, railway development and the establishment of factories are the things he found the districts needed principally.

Mr. McGaffey has a large number of photographs ready for the album which is being prepared for placing in the office of the agent-general in London.

# HYSLOP BICYCLES

Bicycles are rapidly coming back into popular favor, the demand this year being five times what it was five years ago. We have planned for it in two ways—by getting the very best English wheel we can for popular selling, and saving to our customers all intermediate profits by filling orders direct by mail instead of through agents. In this way we can offer

**\$50 Wheels for \$25**

and give better satisfaction all round. The quality of the wheels is all right—only the best materials used and only skilled mechanics employed in construction. The equipment is right up-to-date and the machines throughout are such as we can thoroughly recommend. We sell automobiles as well as bicycles and our plan is to make wheels serve as a good advertisement to the entire business. Send for illustrated folder.

The Victoria Cricket Club will play at the Hospital ground Saturday against an eleven from Seattle and Tacoma combined. This eleven will be the first visiting team here this season. The Victoria club this year is stronger than ever and a good game is promised.

### JOHNSON WILL FIGHT KAUFMANN THIS YEAR

(Times Leased Wire.)  
New York, June 2.—Articles of agreement for a fight between Al Kaufmann, of California, and Jack Johnson have been signed. The bout is to be for the world's championship and will likely occur next September. Johnson agrees to box Kaufmann 45 rounds or go to a finish in Nevada, or any place in which a finish contest is allowed. He insists that if the fight takes place in California he will not box more than 20 rounds.

The fighters will divide the receipts on a basis of 65 per cent. to the winner and 35 to the loser.

### POLO CUP GAMES

Walter Buckmaster Declines to Play For English Team.

London, June 2.—Walter Buckmaster, who is acknowledged to be the best polo player in Great Britain, has declined to play for England in the games with the Meadowbrook team of New Jersey, that begins here June 23rd for the American polo cup.

It is explained that Buckmaster, who is a member of the stock exchange, basis his refusal upon the ground that this present activity on the exchange makes it impossible for him to devote sufficient time for practice, but those behind the scenes attributes his action as resentment toward the tardiness of the committee in asking him to play.

### APPROACHING RACE MEET IS POPULAR

Horses Continue to Arrive in Spite of Over-filled Stables.

Despite the fact that owners who had not taken the precaution of reserving stabling room at the Oak Bay course, have been advised by Manager Leighton that there is no room here for their horses, they continue to ship in the hope that they will at least be able to get stabling room outside the grounds. There probably never has been a race meeting west of the Rocky mountains where the demand for stabling room has been as great as it is at present in this city.

The management wishes it distinctly understood that no more horses are wanted, and if any are shipped that their owners can expect to get no stabling room. A belated shipment of seven head got in yesterday. They belong to C. C. Emmett, and Fred Malley. The shipment includes the following: Miller's Daughter, Gyros, Maud McG., Sam McOibben, Garnish, Marvel P., and Beautiful and Best.

The owners will have to provide their own stalls, as there is nothing left at the course. Several of the late comers who have found it out of the question to secure accommodations within the grounds are purchasing lumber and erecting their own stables outside the gates. The unusually heavy demand for stalls and the anxiety of horsemen to ship here is but one indication of the importance of the coming meeting.

The Country Club has concluded arrangements with Captain Troup, manager of the C. F. R. steamship line, for a rate of \$2.50 for the round trip on the Princess Charlotte from Seattle on opening day next Saturday. This is a very favorable rate and is in response to the demand of a large number of Seattle people who intend coming here to attend the races opening day. Tickets will be good to return to Seattle on Sunday. Negotiations for a rate on the Charlotte during the season of racing are still under way.

### JUDGE ASKED TO RESIGN.

Washington, D. C., June 2.—The resignation of Judge S. H. Reid, of Valdez, Alaska, was received in Washington yesterday and will be accepted to take effect upon appointment and qualification of his successor. Reid's resignation was called for on account of charges preferred against him, alleging improper or indiscreet conduct in connection with the appointment of a receiver of an Alaskan railroad. His successor, it is understood, has not yet been chosen.

### DAN D. AND ABE B. ARE BEST PACERS.

Many Guests Invited by Club for Opening Day.

As a sample of the interest that can be expected in the forthcoming race meet, about five hundred people turned out yesterday afternoon to the course to see the driving race between two well known horses for a side purse of \$100. There were all of five hundred people on the ground, many of whom were there in automobiles and carriages. The front of the grand stand presented quite a sight and the interest taken in the race planned resulted in a second driving race being arranged.

The match race was between Glendore and Dan D., the latter winning three straight heats from Glendore, and making the same time in the first and the second, while taking two seconds off the last heat.

The second race was between Abe B. and Yukon, two in three. Abe B. won, losing the first heat and winning the last two. J. E. Miller acted as judge and R. F. Leighton, manager of the Country Club, officiated as starter. The results were:

First Race.  
Dan D. driver, C. Wright ..... 1 1 1  
Glendore, driver Geo. Rice ..... 12 2 3  
Second Race.  
Abe B. Stevenson ..... 2 1 1  
Yukon, Dr. Robertson ..... 1 2 2  
Time, 1:18 1-5, 1:45, 1:12.

For the opening of the meeting Saturday Secretary Smart has issued invitations to His Honor Lieutenant-Governor Hon. James Dunsuir, suite and party, the Premier, the Hon. Richard McBride, Hon. R. G. Taitow, Hon. Tom Taylor, Hon. E. J. Fulton, Hon. H. E. Young, Hon. F. Carter-Cotton, president of the executive council; Hon. D. M. Eberts, Speaker; the Judges of the Supreme court, Mayor Hall and the city aldermen and Mayor C. S. Douglas of Vancouver. In addition a large number in the province have had mailed to their addresses invitations to attend the opening of the big meeting.

The following are the registered track records of the Willows track, which will be printed in all programmes during the meeting: 3 furlongs 37 3-5, four furlongs 50 secs, five furlongs 1-3, six furlongs 16 1-5, seven furlongs, 1-30 1-5 mile 1-44, mile and quarter, 2-10 4-5.

The race programmes will be free from advertising except the advertisements of the B. C. Electric Railway Company and the C. P. R. Every day's programme will have the winners of the meeting complete. Jockey McIntyre, who has ridden prominently in the south, reached here yesterday and will be a frequent rider at the meet.

## VANCOUVER BOWLERS. LEAD IN TOURNAMENT

### Progress of Games in Western Congress—Election of Of- ficers To-morrow.

(Times Leased Wire.)  
Seattle, Wash., June 2.—Fate dealt cruelly with the Rubes and Jays, of Seattle, last night in the tournament of the Western Bowling Congress, when from first place they were thrown into fourth, three teams beating their score of 2,537 pins for three games. The high score last night was rolled by the Ad Spares, of Vancouver, who finished with a total of 2,664 pins for the series of three games. Second place was captured by the E. N. Brooks teams of this city, with a total of 2,636, and the Juan de Fuca, of Seattle, were third, with a total of 2,546 pins.

The previous two-men team records of the tournament were also broken last night by two teams, Steers and Hodge, of Vancouver, finishing their series with a total score of 1,159, and Scott and South, of the same city, scoring a total of 1,150.

No new records were made in the singles. A. L. Jenkins still retaining first place with a score of 601.

Some of the strongest five-men teams entered in the tournament will be pitted against each other to-night, and it is expected that previous records will go glimmering. So far during the tournament rather low scores have been the rule, the contestants apparently not having been able to equal scores made in practice games.

An unfortunate disagreement marred the ladies' championship contest, which was held last night. Three teams were entered in the tournament, the

Seattle Ladies' team and the White City ladies, of this city, and the Spaldings, of Denver. After rolling two games the members of the Seattle Ladies' team defaulted, declaring that both the other teams had been allowed an opportunity for practice on Sunday, while they had not. The championship was won by the Spaldings, with a total score of 1,894, the White City ladies being second with a score of 1,837. The total score of the Seattle ladies for the two games rolled was 1,264.

The annual business meeting and election of officers of the Western Bowling Congress will be held to-morrow morning. It has been practically settled that the next tournament will be held in San Francisco.

### RACE TRACK MEN UPHOLD.

Dispensing of Advance Racing Sheets Is Not a Violation of Law.

Albany, N. Y., June 2.—The court of appeals yesterday handed down a decision which in effect holds that the dispensing of advance racing information on the Brighton Beach track last July was not a violation of the anti-race track gambling laws.

The court unanimously handed out an opinion affirming the decision of the lower court sustaining the demurrer interposed by Wm. Engemen, Christopher Fitzgerald, the president of the Brighton Beach association, and John G. Cavanaugh, who it was claimed were responsible for the issue of the advance sheets. They were indicted as "common gamblers," but demurred on the ground that the acts complained of did not constitute a crime.

The question before the court was whether an advance information sheet is a device and apparatus for gambling within the terms of section 247 of the penal code.

### Son of Millionaire Foundry Owner Refuses to Return to Germany.

(Times Leased Wire.)

San Francisco, Cal., June 2.—Love has triumphed over the lure of wealth and the call of duty, and young Otto Schroeder willingly will relinquish his heirship to the millions of his father and disregard the orders of the German government to return to the fatherland to serve his allotted time in the army, for the sake of pretty Ida H. Taggart, of Los Angeles, niece of Tom Taggart, former chairman of the Democratic national committee.

Some time ago Schroeder, who is the son of a millionaire foundry owner of Plau, Mecklenburg-Schwerin, came to the United States in search of health. He took employment behind the desk of a Los Angeles hotel. Soon after this the young German met Miss Taggart, and with both it was a case of love at first sight. Schroeder won the consent of the pretty American and plans for their wedding were made.

But the course of their love was not destined to run smoothly. Within a week came advices from Germany that Schroeder, who is 23 years of age, was to return to Plau to serve his military term in the Kaiser's army. According to the German law, when a subject refuses to comply with his orders to serve his army apprenticeship, his rights as a German citizen may be withdrawn. Schroeder feared that in his case it may mean the loss to him of his share of the immense fortune of

his father and of all hopes of return to the fatherland.

One hope, however, remained. If a medical examination by a physician detailed to the task by a representative of the German government showed him physically unfit for army service he might be saved. Consequently he came to this city yesterday to submit to the tests.

To-day he gave up the remaining hope, and announced his intention of remaining with the girl of his choice despite fortune and duty.

"I am too healthy now to stand a chance of failure in the tests. There is no use," he said. "Apparently there is nothing to do but to cut loose from all my home ties and remain here. I can't do the thing I want and the thing I should. I think my decision to stay in California will be best for us both, even if we have to live on a hotel clerk's salary."

### MASONIC GRAND MASTERS.

Meeting in Philadelphia to Discuss Administrative Policy of Order in U. S.

Philadelphia, June 2.—Grand Masters of Masonic lodges from 27 states east of the Mississippi river met yesterday to discuss questions concerning the administrative policy of the order in the United States. One of the matters to be considered is dual membership. Such memberships prevail in England, and it has often been suggested that the same rule be put in force in this country. It is pointed out by those in favor of dual membership that a Mason does not like to lose his connection with his home lodge, but would desire to become affiliated with a lodge in the place where his interests cause him to live. About 750,000 Masons are represented at the meeting.

## LIFE ABOARD A BRITISH WARSHIP

### Day at Gun Practice on Battle- ship—A Sample Schedule.

"How many men are there on board that ship?" was a question recently asked of the writer; his interlocutor pointed to a first-class battleship lying at anchor in a bay on the Irish coast. "Counting everybody, officers and men, some seven hundred and fifty," was the answer. "Then what," continued this man of the inquiring turn of mind, "on earth can they find to do all day long; do they sit and twiddle their thumbs waiting for an enemy to come along with whom they can fight?" The man who asked for this information was merely typical of other "shore-going" persons, who, naturally enough, consider that seven hundred and fifty men confined in a space roughly, 410 feet in length, 82 feet in breadth and 29 feet in depth, must be principally employed in falling over one another; they do, but it is in their anxiety to get on with the next job.

There, on the southern coast of Ireland, where the land stretches league long fingers into the sea, and where the sea has eaten its way in the course of the countless ages deep into the heart of the land, is the calibrating range, situated at the head of one of these bays. Calibrating may be shortly described as the means used by the modern navy to determine the range of its guns, so that when the sights are fixed for a certain range and the guns are fired, the projectiles from each separate gun will strike the same identical; in the vernacular of "the man-in-the-street" this "takes a bit of dough," but, like

most other things committed to the hands of the navy, it is done, and done well. Also, it is one of those things which prevents much twiddling of thumbs on board. On board a battleship the work is done when it is finished, no sooner and no later, and the great difficulty is to find sufficient time in which to do all that has to be done.

At 5 a. m. the hands were turned up, at 5.45 the great gray battleship had dragged her 13,000-pound anchor from its muddy hold, and was steaming down the bay, while yet the mists of the morning floated in pale blue wreaths over the hills, now turning from black to orange-tawny in the light of the morning sun; presently it was full day, light, cold and clear, with the promise of a lovely spring day in the air, but conditions were not exactly as could have been wished by those responsible, as half-way down the bay her forefoot was lifting perceptibly to the tilt of an oncoming swell. Outside the wind blew keen and fresh from the west-northwest, and in from the broad Atlantic came in rhythmic succession those great rollers which may be the heralds of the coming storm or the belated battalions of one which is past.

The target, a small wooden platform, which, by the four corners, was secured a scrap of red bunting some 3 feet by 2 feet was swung over the side, and from this ridiculous contraption the great ship steamed solemnly away. The firing was what is known as sub-calibre, which means that a 3-pounder or 5-pounder is fixed in the axle line of a 12-inch gun (the projectile of which weighs 550 pounds) or a 22-inch gun (projectile, 350 pounds) and that while the actual big gun is pointed and aimed the shot which is fired is the inexpensive three-pound or six-pound one.

For all her 16,000 tons, the swell had got hold of the ship, and there was what is known as "a good deal of motion"; but this had no effect upon the carrying out of the practice. Hour after hour the vessel circled around this absurd scrap like a red pocket hand-

kerchief, which half the time was invisible between the crests of the waves, and the long lean guns spat their tiny projectiles far across the intervening waste. Four miles to leeward the sea smoked and banged and shattered itself on the shores of this iron-bound coast, for the march of the rollers stayed not at all during the spell of the sub-calibre practice. "Cease fire!" sounded, the ship headed for the target, and its possible three shillings and sixpence worth of wood and canvas was carefully picked up for the navy is very economical, but with this overtone of five or six hours the day's work had begun. There were torpedoes to be run, but torpedoes have to be picked up, and for this a steamboat is necessary and you cannot hoist out a steamboat weighing fifteen tons in a heavy swell, so the ship's head was pointed shoreward, and she steamed right to the head of the bay again before it became sufficiently smooth for the boat to be hoisted out. All the afternoon, in the comparatively smooth water within the confines of the bay, the ship ran backwards and forwards, while her torpedoes sped to their far distant mark, to be "felled" by the steamboat and returned and hoisted in; the day changed to vicious squalls and pelting rain, but the only notice was heaved to the weather is when it actually interferes with work to be done. At 6.30 p. m. some thirteen hours after she started, the ship was at rest again, with her anchor down.—London Globe.

# Announcement--Second Sale of Prince Rupert Lots

## Victoria, British Columbia, June Third and Fourth

The world has set the seal of its approval on the city of Prince Rupert. Buyers from two continents, men with breadth of judgment, keen discernment and financial experience have bought and bought largely in the new terminal city of the Pacific Slope.

The close of the sale in Vancouver saw the total amount of purchases climbing toward the million and a quarter mark—a further proof, if more were needed, of the faith of the people in the city of Prince Rupert. Lots in all sections of the city sold well. Some have already changed hands at advanced prices. The interest in the sale never slackens and the second sale will be watched as eagerly as the first.

AT VICTORIA, B. C., ON JUNE 3RD AND 4TH THE SECOND SALE WILL BE HELD. Five hundred choice lots will be offered. These comprise the following:

## EXPEDITION TO TRIANGLE ISLAND

Two Naturalists Intend to  
Study Bird Life of Lonely  
Island.

When the Camosun leaves Vancouver to-morrow she will carry W. F. Burton, of this city, taking him as far as Alert Bay. Mr. Burton is making an expedition to Triangle Island in company with Warburton Pike for the purpose of studying the bird life of that lonely place.

Report says that it is inhabited by many kinds of sea fowl as well as eagles. Both the explorers are big game hunters and naturalists of considerable repute and they are well fitted to make a report on the practically unknown island.

Triangle Island is nearly forty miles out in the ocean off Cape Scott, with one or two small islands nearly midway between. Mr. Burton is to meet Mr. Pike at Alert Bay, and taking the latter's launch, they will go to Cape Scott, where the launch will be left. Then a row boat will be used in crossing to the islands, one that can be pulled up on the shore beyond reach of wind or wave.

In all probability the expedition will take a month or more, as it may be necessary to wait for good weather.

## CAPTAIN OF UMBRINA CANNOT BE FOUND

Schooner Will Probably Not Be  
Taken Out This  
Season.

In all probability the sealing schooner Umrina will not go out this year. She is not quite ready, and the captain who was to have taken her north cannot be found.

Last week Captain Peppett, the owner of the schooner, was up the West Coast arranging for an Indian crew. He made arrangements with a number of Siwashes, but did not sign them on. When he returned last Thursday, however, the work on the schooner had not been completed and Captain Seale could not be found. He was living at the Empress hotel that evening he returned, but since that has not been seen.

Captain Seale's friends are getting anxious about his absence, and inquiries are being made, but so far without result. It is not thought that he could have left the city, and they are fearful lest some accident may have happened to him. The captain is well known in the city.

Steamer Vado is coming at Lady-smith today and should arrive here this evening in time to load before leaving to-morrow night. She took a cargo of box shooks to the Fraser River canneries this trip.

Steamer Tees left for the west coast last night with a number of passengers and a large quantity of freight. H. C. Brewster, M. P. F., manager of the Clayquot canneries, was among the passengers. He is going to Clayquot in readiness for the opening of the fishing season.

## INSURANCE IS PAID ON SHIP FORT GEORGE.

Lloyds Has Handed Over the  
Amount on Missing  
Vessel.

San Francisco, June 1.—Believing that all hope of the British ship Fort George ever turning up is gone, Lloyds to-day paid over her insurance to the Matson Navigation Company. With the Fort George missing since August 27th, when she was spoken at sea, comes another tragedy of the sea, involving the death of Capt. Fullerton, of this city, and his wife.

The Fort George cleared from New York July 26th, 1908, for Honolulu with a mixed cargo. Since she was spoken in latitude 11 degrees north, longitude 155 degrees west, no trace of her has been found.

## MAKING STEAMSHIP LINE PAY ITS WAY

Australian Route Carries Large  
Passenger and Freight  
Lists.

The liners of the Union Steamship Company of Australia, plying to this city, are said not to pay in spite of the fact that the governments of the Dominion and Australia pay them a handsome subsidy. The question a great many people are asking themselves now is, under what conditions could these steamers be made to pay?

The Makura arrived in port yesterday with 500 passengers aboard and a good many more could have been carried had there been accommodation on the steamer. Besides the passengers, the steamer carried over 1,000 tons of cargo, mostly foodstuffs which come at a high rate. So difficult was it to obtain a berth on the steamer that an Hawaiian millionaire, H. P. Baldwin, had to pay his passage all the way from Fiji in order to hold a berth from that port for himself, whereas he joined the ship at Honolulu.

Reports were current on the steamer that in order to accommodate the large number who want to come this way the Aorangi would be replaced at once by a larger vessel. This does not look like a business that is not paying, and it is also noticeable that the outgoing steamers carry a good many passengers. Victorians appreciate the monthly visits of the Australian liners as much as anyone. They recognize that the coming of these vessels are a distinct advantage to the city and the province as a whole, but if they do not pay it would be difficult to conceive how much traffic would be necessary in order to make them pay.

There have been times when the Empress of the C. P. R. have crossed the ocean with only a dozen passengers in the saloon. Those must have been losing trips, but there was no word from the company officials. Yet here is a vessel coming into port with every berth full and some of the officials still complain that the line does not pay.

Steamer City of Puebla, of the Pacific Coast steamship line, passed out this morning taking 65 passengers from this port. Nearly sixty of these were people who arrived yesterday on the steamer Makura, from Australia.

## IMPROVED SERVICE ON SKEENA RIVER

Hudson's Bay Company Train-  
shipping Freight and Pas-  
sengers at Canyon.

The Skeena river is having a better steamship service this year than ever before. It has been customary in the past to make several trips early in the season with the Hudson's Bay steamers and then to wait for a month or two until the water subsided before again passing the canyon. This year, however, there is to be a continuous fortnightly service. The canyon is at present impassable and will probably remain so for anywhere from one to two months. During that time the freight and passengers are being transhipped at the canyon, one steamer plying above and the other below. The Hazelton arrived at the canyon to-day, bound down the river to make the first transshipment.

The improved service is warranted by the largely increased interest which is being taken in that part of the country, owing to railway development.

## TWO C. P. R. LINERS COMING FROM ORIENT

Large Number of Passengers  
Now Crossing Ocean  
Bound This Way.

Two C.P.R. Pacific liners are now on their way across the ocean, the Montecarlo and the Empress of India. The former is due on the 4th, but may arrive at any time, probably to-morrow. She is bringing a large number of passengers as well as freight. The Empress of India left Yokohama yesterday afternoon, bound for this port. She had 75 saloon passengers aboard as well as 400 stowage. While the majority are bound for Vancouver, a number will debark here.

## NEW SCHEDULES COMING INTO FORCE

Several Changes in Steamship  
Lines Running Out of  
This Port.

The new weekly schedule to Alaska from this city will be commenced on the 4th inst., when the Princess May will once more be on the run. That vessel is still in the hands of the painters, who will have her looking her very best before she pulls out on Friday evening. She is to run alternately with the Princess Royal, giving a weekly service to Skagway and way ports. Besides this the two steamers will take the off day on the triangular run so that there may be no break in the communication between the cities of Vancouver, Seattle and Victoria.

The International Steamship Company will also run a daily steamer to Seattle, and as these alternate with the C. P. R. boats it will be possible to have a twice a day mail service between this city and Puget Sound. The Dominion government was quick to take advantage of the increased facilities for handling mail. The new twice a day service will commence on the 6th.

The beginning of next week will see a slight change in the triangular service, the afternoon steamer to Seattle staying over here until six o'clock in order that the visitors may be able to take in the races and return the same day.

## THIN BLOOD MADE STRONG

Tiredness and Weakness Over-  
come.

### A JOYOUS LETTER.

"I admit because I neglected early treatment I am entirely to blame for the condition of weakness that for nearly two years has made my life a real misery," writes Mrs. Hazen, of Beaufort. "At first I felt sort of flat in the morning and could do no more than pick at my breakfast. Later I remember my sleep was disturbed, that dreamy, restless sleep from which you finally awaken, feeling as if you could never get up. Then I became thin, lost my color, got nervous, and fearful about nothing, and kept thinking about myself all the time, and was irritable, cross and easily made cry. What would have become of me if I had not taken Ferrozone. I can't imagine. Ferrozone put new life into me from the start. It strengthened my nerves and brought back my color, and in a little while, less than three months, in health and brighter woman could be found anywhere. I highly praise Ferrozone and advise sick people to take advantage of its health-conforming properties."

Ferrozone quickens the powers of both body and mind, simply because it forms lots of blood that's full of life and vitality. Ferrozone creates appetite, gives strength, vim and endurance. It's good for old people, good for everybody that needs better health. Thousands of men, women and children use Ferrozone every day and all say it's the best nourishing, strengthening tonic made; try Ferrozone yourself. 50c. per box or six boxes for \$2.50. —Commander Crawford, who is in charge of the naval station on this coast, is anxious to obtain any details of an authoritative character in connection with the wreck of the Condor, which is said to be outside the barrier reef at Long Beach, on the west coast of Vancouver Island. It is possible that an expedition may be made by one of the ships from the station to investigate the matter.

## ROMANCE OF SAILOR LOST ON CONCORD

Saved Life of Young Lady on  
Way to England But Re-  
fused Offers.

Interest has been renewed in the loss of the H. M. S. Concord and her ill-fated crew by the rumor that wreckage recently found on the west coast of Vancouver Island may belong to her. A romantic story is told of one of the crew, an able seaman named A. B. Moser, who went out with the lost sloop of war.

Shortly before the event Moser went home to England, leaving the Icarus which was at this port. He travelled by the C. P. R. and in crossing the ocean a lady fell overboard and Moser, being a good swimmer, jumped overboard and saved her life. The young lady's father transferred the sailor to a first-class cabin and offered to buy him out of the service and give him a start in life. Moser refused the offer and came out to this station on the Warapite. One week before the sailing of the vessel he transferred from the Warapite to the Concord and went down with her.

### NEW GRAND THEATRE.

Endless Variety of Entertainment is  
Exhibited This Week.

It is rarely that so many first class acts are seen in one variety bill as at the New Grand theatre this week, where every turn is of the best quality. Each of the five imported turns is good enough for a tip liner on the ordinary circuit.

Two of the good turns are the Faust Brothers in a taking musical pantomime act where music delivered in a funny manner and yet harmonious is the feature, and Virginia Grant, the dainty little singer, whose songs are sung in a charming voice and her act is dressed expensively and tastefully. The songs are sung sweetly and the costumes are according to the songs. The whole act is very tasteful and entertaining.

Billy Windom is funnier than ever in the colored nurse girl story and is a good drawing card. He got a big reception again last night and a big hand at the end of the act.

There is a profusion of variety in the bill that makes it especially attractive. The programme makes it very easy for the spectator to find one or more acts which delight him specially while he is pleased with all.

Kelly and Reno in a chair tumbling and bumping act are good. The act is different from the many acrobatics seen on the stage at other times.

Horman, the conjurer, simplifies matters by explaining every trick he does. The mystery man has many new tricks and some of the old ones that never fail to please and mystify.

Thomas J. Price in the illustrated song, and the motion pictures bring to a close a good and strong Grand bill this week.

### VICTORIA THEATRE.

Gala Night Was Marked by Good At-  
tendance at Fine Play.

Last night was gala night at the Victoria theatre and a good house greeted the Gardiner company in "A Night Off." The performance is being received with immense enthusiasm by a large audience than has been seen at the theatre for some time. It has a wide-spread reputation as one of the funniest farce comedies on the stage, and its performance last night by the Edmund Gardiner company was the best they have given yet. Bennett Southard made a tremendous hit as Snap, the barnstorming tragedian who induces a professor, Babbitt, to allow him to put on a Roman tragedy written by him during his college days. Babbitt is played by Charles Vernon, who has been specially engaged by Mr. Gardiner for this part. The two are superb, and keep the audience in roars of laughter. Mr. Southard has done well in every play the company has put on, but this he appears on the stage he is greeted with salvos of applause.

There is not much plot, all the fun centring round the production of this play and the attempts of all concerned to keep it a secret from Mr. Babbitt. The severe spouse of the professor, this unpleasant lady is splendidly played by Miss Brook, who also received a great hand from the audience.

All the members of the company seemed last night to appear at their best, and in fact the aggregation as a whole is improving each week as the various excellent minor parts which are well filled. Orrin Knox is much in evidence as Harry Damask, the son-in-law, and he also did better than ever last night. The same must be said of Reginald Holmes and Vera Layton. Charles Marriott makes an all too brief appearance as Fred.

Of the ladies, Miss Van Buren is delightful as Mrs. Damask, the innocent but suspicious young wife; Miss Gilbert makes a big hit at Nisbe, the implacable younger daughter, who conspires with her father, the professor; and Miss Girard does some clever low comedy work as Susan, the stage struck Irish servant.

There is not a dull moment in the play. It is full of snap and go and the most laughter-provoking situations from start to finish.

**WINDERMERE VALLEY.**

Irrigation Works in Progress But Lack of

Railways Hinders Settlement.

A charming and rich portion of British

Columbia River is lying along the

corner of the province, known as the

Windermere Valley. There the Colum-

bia Valley Irrigated Fruit Lands Com-

pany is engaged in carrying out an ex-

tensive scheme on an area of 50,000

acres, the bulk of which was acquired

from the C.P.R.

H. J. Haffner, engineer of the com-

pany, is a visitor in the city just now,

and says work is being prosecuted vig-

orously, although settlement is being

hampered for want of railway facili-

ties. A quarter of a million has al-

ready been spent on canals and a stor-

age system. The company is waiting

the advent of the railway, when it will

begin to market its lands. The Koot-

enay Central, which has twelve miles

of line built south from Golden, got an

extension of time last session, and it

is understood that further construction

work will go on this summer.

Earl Grey, who made a trip through

the Windermere Valley last year, was

so delighted with it that he has pur-

chased the Santo ranch.

**FATAL GAME OF SOLDIERS.**

The manner in which George Fos-

kett, a child of four, was accidentally

shot by his cousin Ernest, aged 11, in

London recently, was described by the

latter at an inquest.

They were playing soldiers, and he

found a key which opened a drawer

in which his father kept an old, rusty

six-chambered revolver. He also found

them in the revolver, which he said he

thought was broken. Later on, while

he was sitting in the kitchen his palm

caught the trigger and the revolver

went off.

His cousin was shot through the fore-

head and was taken to the hospital,

where he died from septic meningitis. A

verdict of death from misadventure

was returned.

## SOCIAL AND PERSONAL

Madame Tasse, Dallas road, is re-  
ceiving to-day.

Miss Kate Noble left last night on a  
visit to friends in Phoenix.

Mrs. Richard Venne, of Montreal, is  
the guest of friends here.

Mrs. A. E. McKeown, 1365 Yates, will  
not receive again this season.

Mrs. Arthur Humber will receive on  
Thursday and not again until Septem-  
ber.

Mrs. Walter Saunders, Pandora  
street, was one of to-day's luncheon  
hostesses.

Mrs. Ferguson-Pollock of Nelson, B.  
C., will spend the summer here at 1077  
Davie street.

Mrs. T. E. Holling is not receiving  
to-day, and will not receive again un-  
til September.

Mrs. Letroy left last night on the  
Charmer, en route for a visit with  
friends in Detroit.

Mrs. Puckle, of "Braemar," South  
Saatch, will not receive again until  
the first week in August.

Mrs. John Law and Miss Grace Law,  
of Cowichan, are holidaying here. They  
are guests at the Empress.

The many friends of Miss Honora  
O'Connor, James street, will be sorry  
to learn that she is seriously ill.

Mrs. Greenfield (nee Roach) who has  
been visiting friends in the city, has  
gone to rejoin her husband at St.  
Louis.

Madame Parizeau is now receiving  
to-day, but will be at home in the  
future on the third Wednesday of each  
month.

Mrs. W. E. Boulton, of Vancouver,  
who is in the city, is receiving this af-  
ternoon with her mother, Mrs. J. Nich-  
olson, Quebec street.

Mrs. Alexander, South Turrier street,  
is entertaining a number of little folks  
this evening in honor of her son, Adri-  
an's eighth birthday.

Mrs. E. W. Andrews and Mrs. W. H.  
Dinsmore will be at home on Friday,  
4th inst., from 2 to 5 and 7 to 10 p. m.  
at 724 Pine street, Victoria West.

Mrs. Thomas Hooper, of 471 Belleville  
street, will be at home to friends on  
Friday, June 4th, from 3.30 to 9.30, and  
will not be receiving again until Octo-  
ber.

Mrs. A. E. Fraser, of Barrow-on-  
Furnace, Eng., who has been the guest  
of Mrs. Wm. Simons, Princess avenue,  
left for Portland, Ore., to visit friends  
before leaving for home.

Mrs. Wm. Simons, Princess avenue,  
has been entertaining Mrs. A. E. Fra-  
ser, of Barrow-on-Furnace, England.  
The latter has gone to visit friends in  
Portland, before returning home.

Among those who will spend the  
summer months abroad are Mr. and  
Mrs. J. Parfitt, who left last night en  
route for New York, going by the C.P.  
R. lake route from Port William. They  
will sail by the Mauretania, of the  
Cunard line, on June 15th.

Mr. and Mrs. Bent and children left  
this morning for Seattle, en route for  
Mr. Bent's old home in Boston, which  
he has not visited for twenty years.  
A number of friends assembled on the  
wharf to bid them bon voyage. They  
expect to be absent three months.

Mrs. R. S. Day and Mrs. William  
Grant left last night en route for To-  
ronto, where they will attend the quin-  
quennial convention of the National  
Council of Women. At the close of the  
convention Mrs. Grant will spend some  
months with friends in the maritime  
provinces. Mrs. Day will return to Vic-  
toria.

Miss Olivia Dahl, who made her  
headquarters in Victoria for some  
months a few seasons ago, will proba-  
bly be heard here again. This soprano  
has been appearing in grand opera in  
Berlin for some time. She has won  
praise before the King and Queen of  
Norway and is now on her way west  
to open a series of concerts in the early  
autumn on the Pacific coast.

The galleries of the senate chamber  
were filled with eager sightseers, and  
an unusually large number of ladies  
occupied the seats on the floor of the  
house at the closing of the Dominion  
parliament recently, which took place  
with the customary ceremonial. His ex-  
cellency the governor-general entered  
the senate chamber preceded by Brig-  
adier-General Macdonald, Adjutant-  
General Lessard, Colonel Sherwood,  
Colonel Irvin, Colonel Harry Smith, Sir  
John Hanbury-Williams, Lord Lascelles,  
A. D. C., Captain Newton, A. D. C.,  
Mr. Arthur Sladen, and followed by Sir  
Wilfrid Laurier, Colonel Hodgins, Col.  
Sam Hughes, Col. Hays, Major Court-  
ney, Capt. Maclean, Major Eaton, Capt.  
Bate and several other officers. His  
excellency wore a Windsor uniform,  
with heavy gold braiding on the coat  
and a cocked hat. The premier was  
also in Windsor uniform. Her Excel-  
lency Lady Grey, who occupied a seat  
on the floor of the house, was gowned  
in gunmetal crepe de chine, over which  
was worn a quaint coat made in Ja-  
panese effect richly ornamented with  
embroidery in shades of blue and gold,  
and a blue hat trimmed with feathers,  
and an osprey. Lady Sybil Grey wore  
a gown of corse velvet and a black  
picture hat. Lady Hanbury-Williams  
was gowned in black crepe de chine.  
Lady Laurier who sat on the opposite  
side of the house, and who appeared in  
public for the first time since her long  
illness, was richly gowned in peacock  
blue satin trimmed with gold em-  
broidery, with a small hat of black  
and white with a white osprey. She  
carried a sheaf of her favorite flowers,  
American beauty roses, tied with rib-  
bon of the same shade. Others present  
included Mrs. Alphonse Brodeur, of  
Montreal, and Mrs. Turgeon, of Que-  
bec, who are the guests of Lady Laur-  
ier. Lady Borden, Mrs. Fielding, Mrs.

#### LIQUOR TRADE.

Brewers Suggest Reforms to Affect On-  
slaughts of the "Drys."

Atlantic City, N. J., June 2.—There  
will be decided reforms in the conduct  
of the liquor business in this country  
to offset the onslaughts of the "drys,"  
if the United States Brewers' Asso-  
ciation has its way. Members of the  
association representing about seven-  
ty-five per cent of the beer business  
of the country are in attendance at  
the annual meeting convened yesterday  
at the Hotel Shelburne.

One of the most interesting reports  
before the convention is that of Col.  
Jacob Ruppert, Jr., who recently made  
a tour of investigation through the  
prohibition states of the south and  
west. Commenting on the result of  
his observations, he said:

"I found that the spread of prohibi-  
tion tendencies in the west and south  
is ill-considered and hasty. Disastrous  
results, economical and moral, have  
followed in its wake."

"No doubt in the west and south,  
as elsewhere, there are objectionable  
law-breaking, disorderly saloons and  
hotels. These places could have been  
exterminated by the enforcement of  
existing laws—or by public opinion  
strongly asserted. Instead of restrict-  
ing the liberty of entire communities."

"Public morality was not improved.

## BUILDERS BUSY OVER CANADA

MORE WORK BY HALF IN  
APRIL THAN YEAR AGO

Prosperity of the Dominion is  
Clearly Shown by Permits  
Issued.

The highly satisfactory condition in  
the building line, so marked during the  
first three months of the year, still pre-  
vails, and April takes on a substantial  
increase over the corresponding  
month of 1907, to the splendid  
gains already made so far this  
season. All sections of the country are  
enjoying a steady advance in construc-  
tion work and it seems quite evident in  
view of the heavy influx of settlers into  
western provinces of the Dominion and  
the attendant growth of the middle and  
eastern portions, that even the high  
percentage gains already attained will  
be surpassed within the next few  
months.

The average gain for April, as based  
on returns submitted to Construction,  
of Toronto, from fifteen representative  
centres throughout the country, twelve  
of which supply comparative figures, is  
53.36 per cent, and only one city in the  
entire list shows a falling off. This con-  
cline is noted in the case of Vancouver  
which, after an extended period of con-  
secutive gains, records a decrease of  
42.77 per cent. It is quite probable,  
however, judging from the indication  
at hand, that Vancouver will quickly  
wipe out the deficit as a large amount  
of work is at the present time on the  
tables in the various architects' offices.

The largest increase for the month is  
that of Fort William, which takes the  
stellar position by a gain of 1180, per  
cent, a remarkable advance, especially  
so, in view of the enormous building  
strides this city has been making with-  
in the past two years.

Peterboro maintains the second place  
by virtue of a striking gain for the  
month, of 387 per cent, the total  
amount for permits issued being \$31,721,  
as against \$21,110 for the same month  
of 1908.

The next largest increase noted, is  
that of London's whose gain for the  
month is 149 per cent, following the  
lead of 175 per cent, for the previous  
month, shows the rapid and substantial  
growth which she is experiencing at the  
present time.

Toronto again registers a material  
gain, by an advance of 71.28 per cent,  
the total value of permits issued for  
new buildings being \$2,003,398 as com-  
pared with \$1,169,435 for April, 1908. It  
is expected that Toronto's monthly  
showing hereafter will be materially  
improved by the recent annexation of  
West Toronto, as that city is building  
up very rapidly.

Other places in Ontario which are  
taking extraordinary steps forward  
are Berlin, Kingston, and Windsor, as  
seen by the amounts set opposite their  
names in the following table. While  
none of these cities give comparative  
figures, all of them so far this year  
have more than doubled their totals  
over the corresponding months of last  
year.

In the eastern portion of the Domini-  
on, Halifax and St. John both show  
material headway, the former again  
noting a big gain, (44.22 per cent), and  
the latter a large volume of work (no  
comparative figures submitted) in its  
total for the month of \$108,000.

Montreal's increase for the month,  
that of 169 per cent, which was receiv-  
ed too late to be included in the follow-  
ing table, is the largest and fourth con-  
secutive gain made so far this year,  
and as the present satisfactory condi-  
tion promises to continue throughout  
the entire season, it is quite likely that  
Montreal will pile up a total annual  
amount greatly in excess of anything  
registered heretofore.

In the west every city, with the ex-  
ception of Vancouver, has over-reached  
last year's figures for the month. Regi-  
na has a most gratifying increase of  
131.12 per cent; Winnipeg records 65.81  
per cent; Calgary 63.59 per cent; Vic-  
toria 45.97 per cent, and Edmonton 6.75  
per cent.

Reports as to the immediate pros-  
pects are most encouraging, as is evi-  
denced in the following notations: Cal-  
gary, "excellent"; Winnipeg, "good";  
Windsor, "bright"; St. John, N. B.,  
"fair"; Berlin, "exceptionally good";  
Edmonton, "good"; Kingston, "very  
bright"; London, "continues excellent."  
Vancouver reports "the present outlook  
is for steady increase over last year  
for the next six months," while in To-  
ronto, Montreal, Peterboro and Victoria  
the indications were never better. The  
comparison of permits for May, 1908 and  
1909 follows:

#### STRANGLED BY LOVER.

Boy Witnesses the Murder of His  
Sister.

St. Erth, a village near St. Ives,  
Cornwall, was the scene of a sad tra-  
gedy recently, a young girl named Emily  
Tredrea being strangled to death. A  
young man in under arrest charged  
with her murder.

William Hampton, the accused, had  
been lodging with the Tredrea family,  
and paying his attention, which were  
none too welcome, to Emily, whose  
age was 16. One Sunday night Mrs.  
Tredrea went out to visit Hampton's  
grandmother, leaving her daughter and  
Hampton in the kitchen. Three other  
children were in the house—a boy aged  
nine, a girl of six and a baby. Row-

land, the boy, and the girl had gone  
to bed.

After his mother's departure Row-  
land heard a struggle downstairs, and  
on going into the kitchen saw his sis-  
ter on the floor, where, he declares,  
she was being held down by Hampton,  
who had his knee on her chest and his  
hands round her throat. Terrified, the  
boy endeavored to run out, but the man  
had fastened the door and prevented  
his egress. The child then saw the as-  
sailant pick his sister up and place her  
in a chair, from which she fell. He then  
placed her in a wicker chair, after  
which the lad was allowed to go out.  
He immediately ran to his mother and  
told her what had occurred.

Mrs. Tredrea returned with a con-  
stable. Emily was found in the chair  
lifeless, and Hampton was missing.

# OAK BAY

—FOR—

## BEAUTIFUL HOMES

Its splendid oak trees, its picturesque roads  
and avenues, the quiet air of refine-  
ment that characterizes its homes, all  
go to prove that Oak Bay is the coming  
high-class residential district of Vic-  
toria. Every new house that is building  
here—and how many are now in course  
of construction?—is in keeping with its  
neighbors and predecessors. In point  
of natural beauty Oak Bay is unsur-  
passed by any other portion of Victoria.

A land tax only rules in Oak Bay. House  
and improvements entail no municipal  
fine. You can build as expensively as  
you like, you'll have no tax to pay.

We have 48 lots for sale within five minutes  
of the Oak Bay Hotel, and in one of the  
best portions of this municipality. They  
are close to carline and new school, a  
step only from recreation park and Oak  
Bay beach. A sewer passes the prop-  
erty, water will be in by October 1 next.  
A part of the property is perfectly clean  
meadow, the balance is treed with oak.  
The soil is a rich black loam, ideal for  
lawn and flowers.

In the vicinity of these lots we know of noth-  
ing that can be had for less than \$550.  
We do know that lots near have sold as  
high as \$750. We are going to put  
these 48 lots on sale on Friday morning  
at \$350, \$375, \$400, \$425 and \$450 each.  
Quarter cash, and the balance in 6, 12  
and 18 months.

We believe in giving the other fellow a  
chance to make some money.

#### BUSIEST SPOT ON EARTH.

Extraordinary facts and figures on  
the traffic of the city of London were  
brought before section 13 of the local  
legislation committee of the House of  
Commons, which had the city of Lon-  
don street traffic bill under considera-  
tion.

"Probably the most congested place  
in the world," was Mr. Forbes-Lancaster's  
description of the area outside the  
Mansion House. Captain Nott Bower  
added that between 8 a. m. and 8 p.  
m. on one day 26,620 vehicles passed, an  
average of thirty-seven a minute.

The committee agreed to give the  
powers sought with reference to coster-  
mongers, loading and unloading goods,  
and cattle driving. On the question of  
obstruction, caused by shop window  
displays, they deferred their decision.

Bruises were plainly visible on the  
girl's throat, and a closer examination  
showed that extreme violence must  
have been used.

Some hours later Hampton walked  
up to two constables and stated that  
he had murdered a young girl.

#### SHUT IN A STRONG ROOM.

London Workman is Imprisoned Eight  
Hours.

Edward Kinkbridge, a workman in  
the employ of a block floor company,  
has had an extraordinary experience  
in London.

He was engaged in laying wood floor-  
ing at the new premises of a bank in  
the Vauxhall Bridge road, and went  
into the strong room to get some ma-

terials which he had left there when  
the door suddenly closed and left him  
in complete darkness. The incident hap-  
pened at 10 o'clock in the morning,  
and the man was not released until six  
o'clock in the evening. His colleagues  
became alarmed at his sudden disap-  
pearance, and searched for him. They  
heard him call from his novel cell, and  
endeavored to find the key of the door.  
This they were unable to do, however,  
and messages were dispatched all over  
London to people who might know  
something about the key. A clerk in  
the firm, on hearing of what had hap-  
pened, got into communication with  
the architect, and the latter arrived at  
6 o'clock and opened the door.

bull fighter, has, during a career of 22  
years, killed 4,500 bulls with one weapon.

SMALL FRUITS

## SUBDIVISION

FOR POULTRY,  
MIXED FARMING

There are some 300 acres left in this choice subdivision.

It will be sold in parcels of from 7 to 60 acres to suit purchasers.

The prices asked are less than half those asked for Gordon Head Fruit Land, which is about the same distance from the city.

Fruit from this farm formed part of the Provincial Government exhibit displayed in Great Britain in recent years, to which a number of high awards were given.

Westwood Farm is between 6 and 7 miles from the City Hall.

**PRICES:**  
**\$40 TO \$250**  
**Per Acre**

**TERMS:**  
Third Cash; Balance, One and Two Years

It is within a few minutes' walk of the Victoria and Sidney railway.

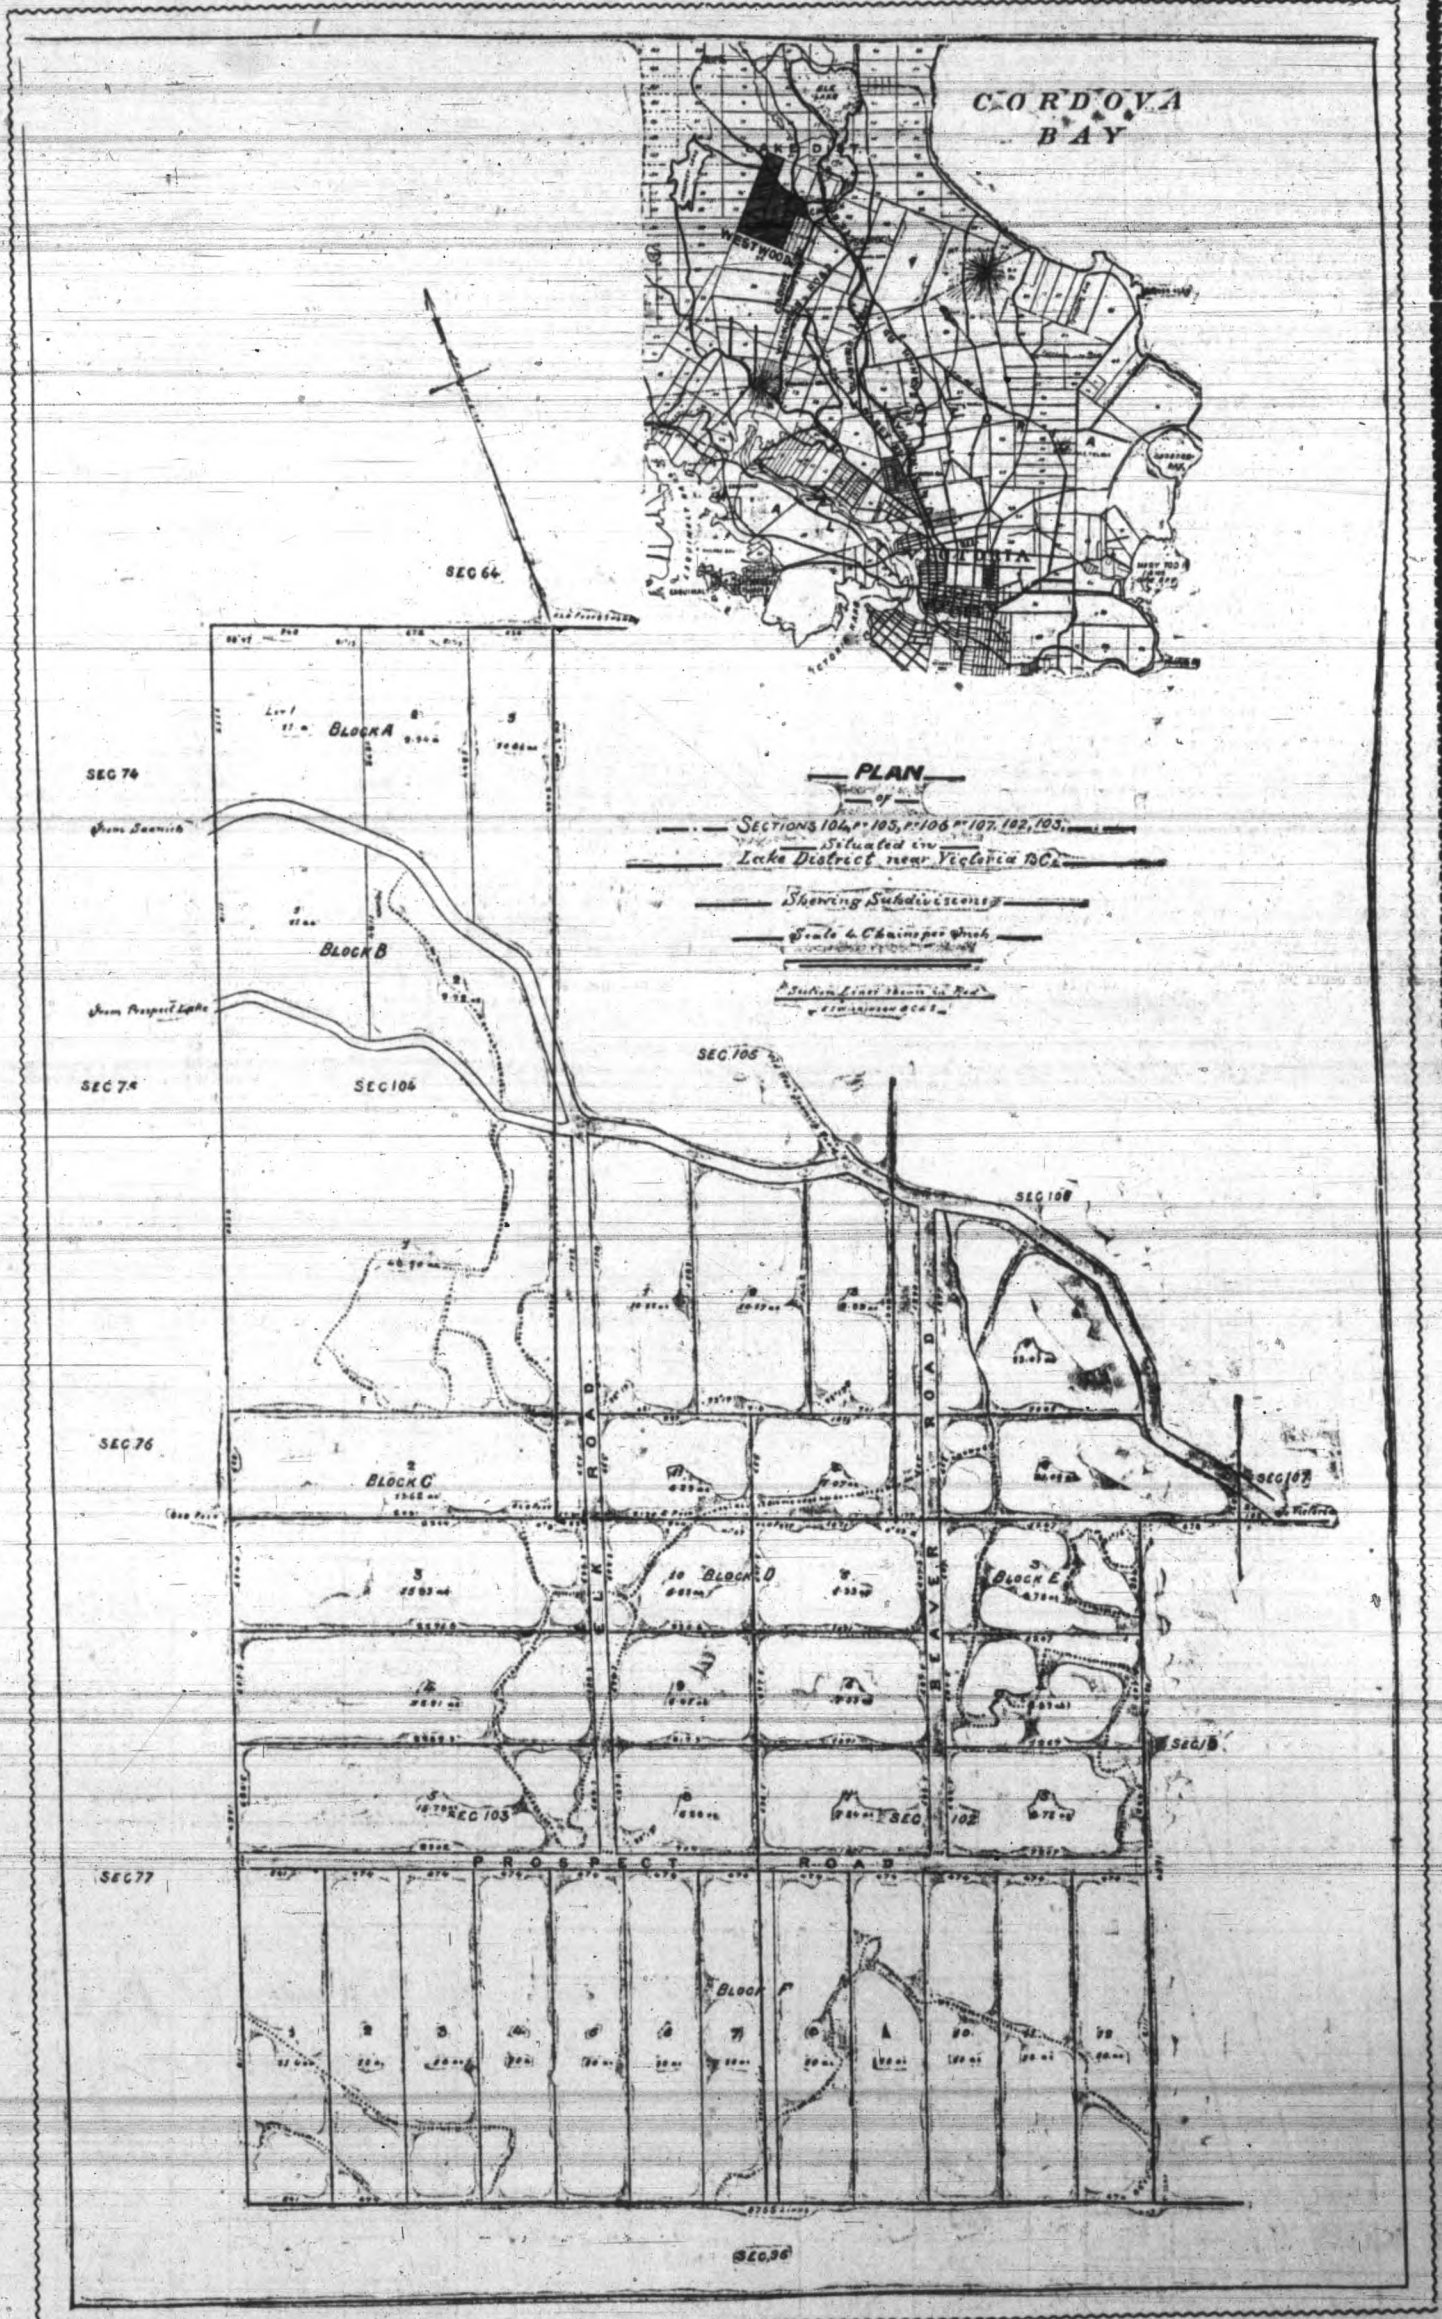

Church and school are near by.

Good roads run through the property.

The new West Saanich road, a well-travelled main road, connects the farm with the city.

It is well watered by living springs.

This is an exceptional opportunity to obtain choice fruit land close to the city and in a sheltered, sunny location at very reasonable figures and on easy terms.

### SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section (160 acres, more or less) of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of the homesteader.

**DUTIES.**—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$10.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$30 per acre. Purchased homesteads may be acquired on any available lands on either side or even numbered sections south of Township 6, east of the Calgary and Edmonton Railway and the west line of Range 24, and west of the third Meridian and the Hault Railway line. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.

**SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.**  
**COAL.**—Coal mining rights may be leased for twenty-one years at an annual rental of \$1.00 an acre. Not more than 1,000 acres can be leased to one applicant. Royalty, five cents per ton.  
**QUARTZ.**—A person eighteen years of age and over having made a discovery may locate a claim of 1,000 feet square, \$5.00. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. When \$100 has been expended or paid and other requirements complied with the claim may be purchased at \$1.00 an acre.  
**PLACER MINING CLAIMS.** generally, 100 feet square. Entry fee, \$5.00.  
**DREDGING.**—Two leases of five miles each of a river may be issued to one applicant for a term of 10 years. Rental, \$5 a mile per annum. Royalty, 3 per cent after the output exceeds \$10,000.

#### SHOW STRENGTH

Another Advance in Wheat Prices in the Chicago Pit.

Chicago, June 2.—The showing of strength abroad to-day forced the Chicago market for wheat higher in sympathy and the closing was 5-8 to 7-8 higher. Liverpool opened 1-4 to 1-2, higher and closed 1-2 to 1-4 above yesterday.

The market for July was most active, but the greatest strength was shown in deferred options; principally the December. The latter, likewise held the greatest gain for the day's trading. Hessian fly is present in Central and Southern counties of Kansas, but it is too early to form any judgment of probability of injury. Cuts average 18 light and the crop in the western half of the state is practically a failure.

### COMPANY'S MISSING BOOKS.

One of Directors Granted Time to Secure Additional Counsel.

New York, June 2.—Judge Lacombe to-day granted Sanford Robinson two days in which to secure additional counsel to oppose the charge of contempt preferred against him in connection with his failure to produce the missing books of the United Copper Company.

Joseph Cotton, representing Robinson, said that the charge was so grave that additional counsel was necessary.

The question raised by Robinson that Heinze talked to him regarding the

## GEORGEON REMANDED IN POLICE COURT

Assault Case and Theatre Matter Are Also Set Over.

Stephen Georgeon appeared in the police court this morning charged with obtaining \$2 from Noah Shakespeare by false pretenses. Accused, who is a foreigner, could not speak English plainly nor understand the charge. Magistrate Jay told the accused he was charged with obtaining \$2 by false pretenses, when accused replied, "You charge me \$2" and seemed satisfied, although he did not quite understand.

The chief of police asked for a week's remand, but Magistrate Jay ordered the man brought up again on Monday. The information is sworn to by A. J. Brace, and the evidence will be that accused solicited funds for establishing an orphan's home at Ardara, Turkey, with no intention of using the money for that purpose.

John McL. Thomas was the informant in a charge of assault laid by him against Alex. Wright, who pleaded not guilty. Both men are butchers at the C. meat market, and had a dispute during business. Plaintiff appeared in court with a big black eye. The

## Oriental Effects in Rugs

At But a Fraction of the Cost of the Genuine

THE JAP gets a lot of "credit" for copying the Occidental, but the little "brown man" doesn't miss much that the Oriental does, either. You'll find this amply demonstrated in their efforts in rug making and the result is that rugs of attractive Oriental effect are offered you at little prices.

We have just received a large consignment of these Jap rugs and on the second floor have some interesting specimens to offer you. Of course these rugs haven't got the same "almost everlasting" qualities of the Oriental rug, yet for a place where the wear is heavy they are the ideal rug.

For a private office or for a den or dining room or hall the Oriental effect is pleasing and the rug will give you satisfaction in the wear. Come in and let us show you these.

By all means take a stroll through our store before purchasing any wedding gifts.

## NEW SUMMER FURNITURE

SMART STYLES IN CHAIRS TO-DAY

HERE is another big shipment of that delightful SUMMER FURNITURE—the sea grass sort. The designs of this last shipment are even better than those put into stock some two weeks ago.

The new arrivals include many new designs in arm chairs and rockers. These are finished in several different colors, such as greens, browns, grass and "natural." The material used permits of much latitude in the matter of design and the result is one of the most attractive lines of chairs we have shown.

Come in and let us show you something of unusual merit for the summer verandah, lawn or cottage—something you'll like. They'll be priced for you to-day.

—WHITNEY GO-CARTS FROM \$3.75

## NEW BEDROOM FURNITURE

TO-DAY we are pricing some delightful new arrivals in bedroom furniture with which we know you'll be delighted. These new arrivals are dressers and suites of very late design. They come in handsome quarter-cut oak, finished golden.

There is newness in every line of design and the finish is out of the ordinary—polish being especially high. A visit to the third floor will amply repay you these days, for there is much of interest there.

ROOSEVELT THANKS GOVERNOR.

Ex-President and Party Ready to Leave for New Hunting Grounds.

(By Warrington Dawson, staff correspondent of the United Press.)  
Nairobi, British East Africa, June 2.—His preparations completed to leave to-morrow for South Africa, Colonel Roosevelt to-day called upon Governor Jackson, of British East Africa, to bid him goodbye. Roosevelt expressed to the governor his appreciation of the courtesies that have been extended to him and his party during his stay in this district, and thanked him heartily for the hospitality shown by him and other public officials. The sport during Mr. Roosevelt's stay here has been excellent.

## EXTRADITION PROCEEDINGS.

Indianapolis, Ind., June 2.—Federal Judge Anderson to-day granted a delay until October 11th, of the proceedings to extradite to Washington, D. C., Williams and Smith, of the Indianapolis News, accused of libel in connection with the Panama canal case.

Federal Prosecutor McNamara de-layed time in which to bring witnesses, including Norman E. Mack, Frank Hitchcock and George B. Cortelyou, to testify in the case.

The probable summons of President Taft and Colonel Roosevelt as witnesses precipitated an argument as to their legal residences. It was finally decided that Mr. Roosevelt's residence is in New York, and Mr. Taft's in Ohio, but that he has a legal residence in Washington, D. C. This was based upon the fact that Elihu Root lived in New York last year, but had a legal residence in Washington.

After introducing copies of the newspapers in which the alleged libelous articles appeared the defence rested.

—Reports from the Fraser river state that while a big catch of sockeye salmon is expected there this summer, preparations have been calculated on a smaller catch than that of four years ago. Doubtless the two canneries in this city will draw somewhat from the Fraser canneries.

case was remanded for the calling of witnesses on both sides until to-morrow.

Wong Key, a Chinese vagrant, was sentenced to three months' hard labor. Edward North and J. Mathers, stage hands at the Victoria theatre, were on remand with interfering with Sheriff Richards, an officer of the court. In the absence of the sheriff the case was remanded till Friday, but not without a remark from the magistrate that the men ought not to be brought to the court day after day without the matter proceeding. The city prosecutor, in support of the remand, said he had been too busy to see the sheriff this morning. R. Lowe, appearing for the accused, concurred in the magistrate's statement, but did not further oppose the remand.

William Smithers, who was brought back from Vancouver by Detective Perdue on a charge of stealing \$75 from his room mate, Gordon Campbell, on May 27th, was convicted and sentenced to three months with hard labor in the police court yesterday afternoon. The evidence was that accused took the money while his room mate was asleep. For the defence R. Lowe, appearing for Smithers, said accused had taken the money to take care of and hand over to Campbell again when they met in Vancouver. The prosecutor denied that statement, and the magistrate said he did not believe the prisoner. H. W. R. Moore, city prosecutor, appeared for the police.
